Rigoberta La Nieta De Los Mayas:

Rigoberta, la nieta de los mayas Rigoberta Menchú, Gianni Minà, Dante Liano, 1998 En este libro testimonial su autora Premio Nobel de la Paz en 1992 reflexiona sobre las ideas y los valores que han inspirado su esfuerzo por construir una sociedad mejor basada en la tolerancia y el amor Con un estilo muy cercano nos invita a hacer realidad el precepto según el cual todos deberíamos ser capaces de ponernos en el lugar de los demás Solo de esta forma es posible construir vínculos y relaciones cimentados en el respeto haciendo posible que cada cual pueda buscar su felicidad en armonía con quienes le rodean El gran mérito de la autora consiste en extender estos principios al ámbito de la sociedad insistiendo en que el fundamento más sólido de la justicia radica en que cada individuo sea capaz de vivir y actuar con tolerancia compasión y amor hacia sus semejantes sin hacer distinciones de raza religión o nivel de riqueza

Voices from the Fuente Viva Amy Nauss Millay, 2005 Many twentieth century Spanish American writers sought to give voice to their countries native inhabitants Drawing upon anthropology and literary theory this book explores the representation of orality by major Spanish American anthropologist writers Lydia Cabrera Jose Maria Arguedas and Miguel Barnet These writers played a quintessential role of the Spanish American writer from colonial times to the present they inscribed the mythical world of a vanishing Other by creating a poetic effect of orality in their ethnographies and narratives This book argues that supposed differences between oral and written culture are rhetorical devices in the elaboration of literature specifically modern fiction in Spanish America Fictionalization of the oral requires adherence to the

theory of a great divide between orality and literacy Because the texts considered here are predicated on the ideality of speech a contradiction underlies their shared desire to salvage oral tradition This book explores how anthropologist writers have addressed this compelling dilemma in their anthropological and narrative writings at Tufts University **Divided by Faith and Ethnicity** Andrea Althoff, 2014-08-22 Two unprecedented striking developments form part of the reality of many Latin Americans Recent decades have seen the dramatic rise of a new religious pluralism namely the spread of Pentecostal Christianity Catholic and Protestant alike and the growth of indigenous revitalization movements This study analyzes these major transitions asking what roles ethnicity and ethnic identities play in the contemporary process of religious pluralism such as the growth of the Protestant Pentecostal and neo Pentecostal movements the Catholic Charismatic Renewal and the indigenous Maya movement in Guatemala This book aims to provide an understanding of the agenda of religious movements their motivations and their impact on society Such a pursuit is urgently needed in Guatemala a postwar country experiencing acrimonious religious competition and a highly contentious debate on religious pluralism This volume is relevant to scholars and students of Latin American Studies Sociology of Religion Anthropology Practical Theology and Political Sciences

What Is World Literature? David Damrosch, 2018-06-05 World literature was long defined in North America as an established canon of European masterpieces but an emerging global perspective has challenged both this European focus and the very category of the masterpiece The first book to look broadly at the contemporary scope and purposes of world literature *What Is World Literature* probes the uses and abuses of world literature in a rapidly changing world In case studies ranging from the Sumerians to the Aztecs and from medieval mysticism to postmodern metafiction David Damrosch looks at the ways works change as they move from national to global contexts Presenting world literature not as a canon of texts but as a mode of circulation and of reading Damrosch argues that world literature is work that gains in translation When it is effectively presented a work of world literature moves into an elliptical space created between the source and receiving cultures shaped by both but circumscribed by neither alone Established classics and new discoveries alike participate in this mode of circulation but they can be seriously mishandled in the process From the rediscovered Epic of Gilgamesh in the nineteenth century to Rigoberta Mench's writing today foreign works have often been distorted by the immediate needs of their own editors and translators Eloquently written argued largely by example and replete with insightful close readings this book is both an essay in definition and a series of cautionary tales *The Revolutionary Imagination in the Americas and the*
