The Opening of Japan, 1853-1855 William McOmie,2021-11-15 Sub titled A comparative study of the American British Dutch and Russian naval expeditions to compel the Tokugawa shogunate to conclude treaties and open ports to their ships this highly informed and widely researched study provides for the first time a more complete picture of the competition and cooperation distrust and open hostility of the four protagonists involved in this joint Western enterprise In 1852 the news of the US government s plan to send a large naval expedition to Japan to demand the opening of its ports to American ships excited public interest and elicited differing responses among the European powers For Russia Japan was a neighbouring empire to whose ports it had itself long sought access now its jealousy aroused and its own strategic interests seemingly under threat Russia could not permit the United States to possibly exclude it from Japanese ports In the wake of the Opium war the Dutch king had urged the shogun to peacefully open its ports to the other Western powers now the king and his ministers feared that the US expedition would take an overly aggressive approach that might involve the Netherlands in a war with Japan Having previously opened Chinese ports to the West Britain was occupied there and willing to take a wait and see attitude temporarily conceding a leading role to the United States in Japan France had also previously made approaches to Japan and in case of a successful outcome would not lag far behind in sending its own warships to make arrangements with Japan Thus the stage was set for

the race between America and Russia to open Closed Japan and the surrounding seas while the Netherlands worked quietly behind the scenes and Britain and France waited in the wings This volume documents in detail the plans and outcomes of each of the four powers negotiations with Japan lists the clauses of the resulting treaties and offers a comparative analysis of their merits and demerits at the same time it provides a fascinating commentary on the way business was done by the Japanese with each country and its representatives

Hitching Rides with Buddha Will Ferguson, 2010-06-04 Originally published as Hokkaido Highway Blues with limited distribution in Canada Will Ferguson's classic book about Japan for all fans of the bestselling Beauty Tips from Moose Jaw With the same fervour they have for outlandish game shows and tiny gadgets the Japanese go nuts each spring when the cherry blossoms sweep from island to island towards the country's northerly tip Will Ferguson was celebrating the event in the standard fashion And after way too much sake he announced he would be the first person in recorded history to follow the blossom's progress end to end To make it a challenge worth doing he'd hitchhike all the way relying on the kindness of some very weird and wonderful strangers Mixing his penchant for biting observation with wicked humour Ferguson starts at the southernmost tip of Cape Sata and heads north for distant Hokkaido Whether he is doing the forbidden and not knowing it or holding conversations by non sequitur it is a journey full of misadventures and revelations The resulting travelogue is one of the funniest and most illuminating books ever written about Japan To make matters worse I decided to hitchhike Striking a heroic stance I declared my intention to my Japanese friends to become the first person ever to hitchhike the length of Japan end to end cape to cape sea to sea This did not impress them as much as I had hoped Why would you want to do that they asked genuinely puzzled There is no reason to hitchhike That's why we built the Bullet Train Others worried about my safety But I would argue Japan is a very safe country is it not Oh yes Very safe Safest in the world So why shouldn't I hitchhike Because Japan is dangerous And so on Now I will admit that mooching rides across Japan is not a major achievement I mean it's not like I paddled up the Amazon or discovered insulin or anything but I am the first person ever to do this so allow me my hubris When I left my home in Minamata City aboard a southbound train I felt suitably bold with my backpack and muscular thumb I'm going to hitchhike the length of Japan I told the man beside me He smiled and nodded I'm going to follow the cherry blossoms He nodded All the way to Russia I said He smiled again and soon after changed seats from Hitching Rides with Buddha
