United States. Congress. Senate. Committee on Appropriations,2007 Public Statements of Robert M. Gates, Secretary of Defense, 2006-2007 Robert Michael Gates,2007 War, Big Oil and the Fight for the Planet Linda McQuaig,2011-12-14
National bestseller It s the Crude Dude is back with a slick new title and updated material In War Big Oil and the Fight for the Planet McQuaig focuses on a truly planetary issue the cataclysmic effects our addiction to oil is having on our environment and our ability to co exist in the world McQuaig s research analysis and eye for detail combine to produce a riveting tale about the battle over oil that shapes our times and will determine our future Readers of all political stripes will find this book provocative timely and impossible to put down **It's the Crude, Dude** Linda McQuaig,2025-09-23 George W Bush says he invaded Iraq to bring democracy to the Middle East Some people believe that But if you have nagging doubts you ll be intrigued by the story unraveled in It s the Crude Dude With all the drama of a thriller Canadian bestselling author Linda McQuaig probes the mystery of what really lay behind the U S invasion of Iraq She points to Washington s desire to gain control of the most spectacular untapped oil bonanza on Earth even as rapidly dwindling worldwide oil reserserves threaten to turn competition for crude into the major international battleground of the future That battle has actually been raging for decades Once tightly controlled by Big Oil most of the world s oil reserves have been taken over by nationalistic regimes in the Middle East Ever since those regimes imposed an oil embargo on the United States in the mid 1970s Washington has been determined to regain control over oil by force if necessary With China s recent emergence as a voracious oil consumer there soon won t be enough oil left to fuel two superpowers Against this backdrop and the equally urgent problem of global warming It s the Crude Dude reminds us of the enormous consequences of our failure to curb our addiction to oil Federal Reclamation Laws, Annotated United States. Bureau of Reclamation,1937 **The Development Fund for Iraq** United States. Congress. House. Committee on Government Reform. Subcommittee on National Security, Emerging Threats, and International Relations,2005 Shock and Awe in Fort Worth Sheryl Elam Tappan,2004 After the Pentagon revealed it had secretly awarded the Iraq oil work to Halliburton the Army Corps of Engineers Fort Worth District was supposed to give other contractors a chance to bid The irony is the competition for new contracts turned out to be far more corrupt than the sole source award The author an independent consultant led Bechtel s team in the competition until she discovered it was a sham and Bechtel withdrew The competition appeased Pentagon critics because the fraud was never revealed until now They accused VP Cheney former Halliburton CEO of giving the work to cronies based on circumstantial evidence not proof The critics never identified the bureaucratic pathway by which payback was achieved or even a single link

in the chain This book presents hard evidence of favoritism for the first time It identifies missing links between Cheney and the Halliburton contract awards by the Corps and shows how they lied and cheated Halliburton s competitors It also reveals why competitors who knew what happened never complained why procurement fraud and contracting abuse are only going to get worse and what we have to do to stop it Shock and Awe in Fort Worth is the first book written from the inside of the government industry secret fraternity The author has written proposals that have won billions of dollars of government work including Bechtel s Iraq civil infrastructure contracts with USAID worth 3 1B Bestsellers attack the Bush administration from the left others defend it from the right This is the first book to present a constructive nonpartisan examination of the Iraq contracting debacle and a path forward out of the quagmire of contracting abuse Government dependence on contractors is growing at an alarming rate while the staff selecting and overseeing them to ensure hard earned tax dollars are well spent has decreased dramatically over 50% in Defense alone Every taxpayer needs to read this book
