Rise And Fight Again Perilous Times Along The Road To Independence:

Rise, and Fight Again Charles Bracelen Flood, 1976

In the Shadows of Victory Thomas D. Phillips, 2020-01-10

Profiles of unsung American battlefield commanders from the Revolutionary War through the Civil War A pleasure to read Raymond E Franck Brig Gen USAF retired History plays tricks sometimes During the course of America s experience it has enshrined an exceptional few military leaders in our collective consciousness as great while ignoring others often equally as deserving For example few of the thousands who pass by the traffic square between Fifth Avenue and Broadway in Manhattan realize that it houses the tomb of one of America s best military commanders William Worth a hero in not one but two of the nation s wars Similarly the Civil War general who never lost a battle and who many military historians believe fought one of the two most perfect battles in history was not Grant Sherman Lee or Jackson it was Thomas who never extolled his own cause but in all likelihood saved his nation s At the same time conflicts themselves have often disappeared from consciousness the public forgetting the fights the country waged against the Barbary Pirates the British in 1812 and against the Seminoles and Apaches In the Shadows of Victory describes the heroics and command acumen of twenty five superb military leaders whose sacrifice and skill have often been neglected from the War of Independence through the Mexican War and Civil War and during numerous Native American conflicts As such it provides a fascinating tour through early American military history and the various martial challenges the young nation faced during its first century of existence Well written reading about these officers achievements is an enjoyable experience The Journal of America s Military Past

The Court-Martial of Paul Revere

Michael M. Greenburg, 2014-10-07

At the height of the American Revolution in 1779 Massachusetts launched the Penobscot Expedition a massive military and naval undertaking designed to force the British from the strategically important coast of Maine What should have been an easy victory for the larger American force quickly descended into a quagmire of arguing disobedience and failed strategy In the end not only did the British retain their stronghold but the entire flotilla of American vessels was lost in what became the worst American naval disaster prior to Pearl Harbor In the inevitable finger pointing that followed the debacle the already famous Lieutenant Colonel Paul Revere commissioned as the expedition s artillery commander was shockingly charged by fellow officers with neglect of duty disobeying orders and cowardice Though he was not formally condemned by the court of inquiry rumors still swirled around Boston concerning his role in the disaster and so the fiery Revere spent the next several years of his life actively pursuing a court martial in an effort to resuscitate the one thing he valued above all his reputation The single event defining Revere to this day is his ride from Charlestown to Lexington on the night of April 18 1775 made famous by Longfellow s poem of 1860 Greenburg s is the first book to give a full account of Revere s conduct before during and after the disastrous Penobscot Expedition and of his questionable reputation at the time which only Longfellow s poem eighty years later could rehabilitate Thanks to extensive research and a riveting narrative that brings the battles and courtroom drama to life The Court Martial

of Paul Revere strips away the myths that surround the Sons of Liberty and reveals the humanity beneath It is a must read for anyone who yearns to understand the early days of our country **Band of Giants** Jack Kelly,2025-09-23 Band of Giants brings to life the founders who fought for our independence in the Revolutionary War Jefferson Adams and Franklin are known to all men like Morgan Greene and Wayne are less familiar Yet the dreams of the politicians and theorists only became real because fighting men were willing to take on the grim risky brutal work of war We know Fort Knox but what about Henry Knox the burly Boston bookseller who took over the American artillery at the age of 25 Eighteen counties in the United States commemorate Richard Montgomery but do we know that this revered martyr launched a full scale invasion of Canada The soldiers of the American Revolution were a diverse lot merchants and mechanics farmers and fishermen paragons and drunkards Most were ardent amateurs Even George Washington assigned to take over the army around Boston in 1775 consulted books on military tactics Here Jack Kelly vividly captures the fraught condition of the war the bitterly divided populace the lack of supplies the repeated setbacks on the battlefield and the appalling physical hardships That these inexperienced warriors could take on and defeat the superpower of the day was one of the remarkable feats in world history

Grant and Sherman Charles Bracelen Flood,2005-10-01 This dual Civil War biography presents a powerful and illuminating study of a military collaboration that won the war for the Union Josiah Bunting III Washington Post We were as brothers William Tecumseh Sherman said describing his relationship to Ulysses S Grant They were incontestably two of the most important figures in the Civil War but until now there has been no book about their victorious partnership and the deep friendship that made it possible They were prewar failures Grant was forced to resign from the Regular Army because of his drinking and Sherman had moved from one job to the next in the years before the conflict But heeding the call to save the Union each struggled past political hurdles to join the war effort And after taking each other s measure at the Battle of Shiloh they began their unique collaboration Often together under fire on the war s great battlefields they also supported each other in the face of mudslinging criticism by the press and politicians Sharing the demands of family life and the heartache of loss they built a mutual admiration and trust which President Lincoln increasingly relied upon Though their headquarters were hundreds of miles apart they communicated almost daily strategizing the final moves of the war and planning how to win the peace that would follow

Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office,1977

American Military Leaders John C. Fredriksen,1999-06-18 A comprehensive collection of biographies of the most prominent military leaders in American history American Military Leaders contains over 400 A Z biographies of individuals such as Admiral Elmo Zumwalt who ended hundreds of years of tradition by allowing women to serve on Navy ships and Francis Marion the Swamp Fox whose rules of clandestine warfare are still followed by the U S Special Forces Coverage centers on the outstanding generals sergeants fighter aces militiamen theorists doctors and nurses who make up America s military history This volume presents their backgrounds contributions and significance to America s fortunes in war This title also cites works for further research includes a list of leaders organized by their military titles and a comprehensive index
