The Rise, Fall, and Influence of the Tea Party Insurgency Patrick Rafail,John D. McCarthy,2023-12-21 Emerging in 2009 the Tea Party movement had an immediate and profound impact on American politics and society This book draws on a decade s worth of original extensive data collection to understand why the Tea Party emerged where it was active and why it disappeared so quickly Patrick Rafail and John McCarthy link the Tea Party s rise to prominence following the economic collapse that came to be known as the Great Recession Paying special attention to the importance of space and time in shaping the Tea Party s activities Rafail and McCarthy identify and explain the movement s disappearance from the political stage Even though grassroots Tea Party activism largely ceased by 2014 they demonstrate the movement s effect on the Republican Party and American democracy that continues today The Rise and Decline of the Christian Empire Ian Guthridge,1999 Not yet another History of the Church written from within the Christian mind frame this is deliberately provocative no holds barred open forum discussion of one of the major Current Affairs of our time the Challenge of Change in an age when the rate of change is accelerating and it also unravels the dramatic but little known story of the rise decline and future of the Christian Empire a story both fair and foul and as full of courage and compromise surprises and contradictions plots and plans and counterplans as any best selling spy story available today Read on you shall be the Judge Sermons and Songs of the Christian Life Edmund Hamilton Sears,1890 *Sermons and Songs of the Christian Life* Edmund H.

Sears,2024-01-28 Reprint of the original first published in 1875 **Gibbon's Christianity** Hugh Liebert,2022-06-16 There has never been much doubt about the faith of the infidel historian Edward Gibbon But for all of Gibbon s skepticism regarding Christianity s central doctrines the author of The History of the Decline and Fall of the Roman Empire did not merely seek to oppose Christianity he confronted it as a philosophical and historical puzzle Gibbon s Christianity tallies the results and conditions of that confrontation Using rich correspondence private journals early works and memoirs that were never completed Hugh Liebert provides intimate access to Gibbon s life in order to better understand his complex relationship with religion Approaching the Decline and Fall from the context surrounding its conception Liebert shows how Gibbon adapted explanations of the Roman republic s rise to account for a new spiritual republic and subsequently the rise of

modern Europe Taken together Liebert s analysis of this context including the nuance of Gibbon s relationship to Christianity and his readings of Gibbon s better and lesser known texts suggest a historian more eager to comprehend Christianity s worldly power than to sneer at or dismiss it Eminently readable and wholly accessible to anyone interested in or familiar with the Decline and Fall this groundbreaking reassessment of Gibbon s most famous work will appeal especially to scholars of eighteenth century studies
