## Rise Of Adolf Hitler:

**The Rise and Fall of Adolf Hitler** William L. Shirer, 2013-04-18 A concise and timely account of Hitler's and fascism's rise to power and ultimate defeat from one of America's most famous journalists American journalist and author William L. Shirer was a correspondent for six years in Nazi Germany and had a front row seat to Hitler's mounting influence His most definitive work on the subject *The Rise and Fall of the Third Reich* is a riveting account defined by first person experience interviewing Hitler watching his impassioned speeches and living in a country transformed by war and dictatorship Shirer was originally commissioned to write *The Rise and Fall of Adolf Hitler* for a young adult audience This account loses none of the immediacy of *The Rise and Fall of the Third Reich* capturing Hitler's ascendance from obscurity the horror of Nazi Germany's mass killings and the paranoia and insanity that marked the Führer's downfall This book is by no means simplified and is sure to appeal to adults as well as young people with an interest in World War II history For nearly 100 years William L. Shirer has spoken to us of fascism Nazis and Hitler He tells the unvarnished truth as he experienced it I figured this school type book wasn't going to tell me anything new But when I started reading I realized that I wasn't reading for the facts anymore I listened to his story and heard the urgency in his voice a voice from nearly 60 years ago telling us the truth about today Daily Kos

**The Rise and Fall of Adolf Hitler** William Lawrence Shirer, 1984 American journalist and author William L. by war and dictatorship     The Rise of Nazi Germany Charles River Editors, 2017-01-15 Includes pictures Profiles the seminal events that helped Hitler rise to power and consolidate his position including the end of World War I the Beer Hall Putsch the Burning of the Reichstag and the Night of the Long Knives Includes online resources for further reading Includes a table of contents I cannot remember in my entire life such a change in the attitude of a crowd in a few minutes almost a few seconds Hitler had turned them inside out as one turns a glove inside out with a few sentences It had almost something of hocus pocus or magic about it Dr Karl Alexander von Mueller It is often claimed that Adolf Hitler rose to power in Germany through democratic means and while that is a stretch it is true that he managed to become an absolute dictator as Chancellor of Germany in the 1930s through a mixture of politics and intimidation Ironically he had set such a course only because of the failure of an outright coup attempt known as the Beer Hall Putsch about a decade earlier At the close of World War I Hitler was an impoverished young artist who scrapped by through selling souvenir paintings but within a few years his powerful oratory brought him to the forefront of the Nazi party in Munich and helped make the party much more popular A smattering of followers in the hundreds quickly became a party of thousands with paramilitary forces like the SA backing them and at the head of it all was a man whose fiery orations denounced Jews communists and other traitors for bringing upon the German nation the Treaty of Versailles which had led to hyperinflation and a wrecked economy The early 1930s were a tumultuous period for German politics even in comparison to the ongoing transition to the modern era that caused various forms of chaos throughout the rest of the world In the United States reliance on the outdated gold standard and an absurdly parsimonious monetary policy helped bring about the Great Depression Meanwhile the Empire of Japan began its ultimately fatal adventurism with the invasion of Manchuria alienating the rest of the world with the atrocities it committed Around the same time Gandhi began his drive for the peaceful independence of India through nonviolent protests against the British It was in Germany however that the strongest seeds of future tragedy were sown The struggling Weimar Republic had become a breeding ground for extremist politics including two opposed and powerful authoritarian entities the right wing National Socialists and the left wing KPD Communist Party As the 1930s dawned these two totalitarian groups held one another in a temporary stalemate enabling the fragile ghost of democracy to continue a largely illusory survival for a few more years That stalemate was broken in dramatic fashion on a bitterly cold night in late February 1933 and it was the Nazis who emerged decisively as the victors A single act of arson against the famous Reichstag building proved to be the catalyst that propelled Adolf Hitler to victory in the elections of March 1933 which set the German nation irrevocably on the path towards World War II Like other totalitarian regimes the leader of the Nazis kept an iron grip on power in part by making sure nobody else could attain too much of it leading to purges of high ranking officials in the Nazi party Of these purges the most notorious was the Night of the Long Knives a purge in the summer of 1934 that came about when Hitler ordered the surprise executions of several dozen leaders of the SA This fanatically National Socialist paramilitary organization had been a

key instrument in overthrowing democratic government in Germany and raising Hitler to dictatorial power in the first place. However, the SA was an arm of the Nazi phenomenon which had socialist leanings and which was the private army of Ernst Röhm, which was enough for Hitler to consider the organization dangerous.

**The Rise Of Adolf Hitler** Sushmita Dutta, 2023-07-20

Adolf Hitler was a German dictator who led the Nazi Party to power in Germany in the 1930s. He was responsible for the deaths of millions of people, including Jews, homosexuals, and other groups that he considered to be inferior. He committed suicide in 1945 as the Allied forces were closing in on Berlin. Hitler was a complex and contradictory figure. He was a charismatic leader who was able to connect with the German people, but he was also a ruthless dictator who was responsible for the deaths of millions of people. His legacy is one of hate, destruction, and death. He is considered to be one of the most evil men in history. This is only a brief account of the life and career of Adolf Hitler. If you are interested in learning more about them, I recommend reading this book.
