The Great Flood of 1937 Rick Bell, 2007. Like San Francisco's earthquake and Baltimore's fire, the flood of 1937 became a Louisville benchmark. Modern Louisville started with it. So said Harper's Weekly, and most historians agree. Seventy years ago in January 1937 the Ohio River flooded in biblical proportions. Like New Orleans after Katrina, two thirds of the city of Louisville, Kentucky was under water. But the citizens of Louisville, under the inspired leadership of Mayor Neville Miller, fought through the hardships and the challenges of the city's worst natural disaster to overcome extraordinary tragedy to save their city. This is the complete story of those heroic days. Through historic photographs, maps, log books, diaries, and personal recollections, author Rick Bell re-creates in thrilling detail the magnitude of the devastation and the totality of the city's eventual triumph.
