Ross Bleckner, Page Three Ross Bleckner, 1998 Ross Bleckner's deeply personal camera work travels over the intimate contours of a lover's body and the pages of his daily newspaper The enigmatic and absurd landslide of images that inundate our daily lives falls across the pages of this book and is mounted like so many strange butterflies on every page Perhaps the images are a cumulative autobiography an effort by the artist to suggest that all we reach out to and all we touch are the mirror that becomes us

Ross Bleckner: Page Three Ross Bleckner, 1998 **Ross Bleckner** Ross Bleckner, José Luis Brea, 1998 Ross Bleckner well known for his large scale canvases has for years used watercolor as both a means and an end to painting While Bleckner's works in oil deal primarily with remembrance and loss operating as memento mori to those lost in crisis the watercolors are far more iconic symbolic of transformation and transcendence The watercolors instructive in understanding the larger oil on canvas pictures also possess a photographic quality their brightness and shimmering surfaces attest to this artist's mastery and technique These precious gems hold up on their own as a major part of Bleckner's oeuvre yet they are relatively unknown Beautifully reproduced the sixty images selected here reveal the depth of Bleckner's talent and the degree to which this work relates to the artist's other paintings
