The Roswell Report James McAndrews, U. S. Air Force, 2012-12 The Roswell Report Case Closed is the second of two reports published by the United States Air Force to explain the events of the Roswell Incident that occurred in July of 1947 A follow up to the report Fact Versus Fiction in the New Mexico Desert Case Closed includes further analysis and discussion of the events The Foreword explains Our objective throughout this inquiry has been simple and consistent to find all the facts and bring them to light If documents were classified declassify them where they were dispersed bring them into a single source for public review This report published in 1997 includes a brand new Introduction from UFO expert and writer Stanton L Friedman The U S AIR FORCE is the aviation branch of the United States military The headquarters of this branch authorized several research projects on the origin and existence of UFOs and published multiple reports of their findings from the 1950s through the 1980s It is still the subject of speculation today whether the U S Air Force is responsible for a large scale cover up of UFO and extraterrestrial evidence

The Roswell Report United States Air Force, 2013-04-10 Throughout the twentieth century and into the twenty first the subject of unidentified flying objects UFOs has evoked strong opinions and emotions For some the belief in or study of UFOs known as ufology has taken on the dimensions of a religious quest Others remain nonbelievers or at least skeptical of the existence of alien beings and elusive vehicles which never quite seem to manifest themselves Regardless of one s conviction nowhere has the debate about UFOs been more spirited than over the events that unfolded near the small New Mexico city of Roswell in the summer of 1947 Numerous witnesses including former military personnel and respectable members of the local community have come forward with tales of humanoid beings alien technologies and government cover ups that have caused even the most skeptical observers to pause and take notice In July 1994 at the request of the

Government Accounting Office the U S Air Force completed a thousand page report to explain the events that transpired in and near Roswell in the summer of 1947 That report sought to bring all the facts to light declassify all the documents and present the definitive truth to the public The Roswell Report Case Closed is the follow up to that report and contains additional materials and analysis intended to reach a complete open and final explanation of the events that occurred in the Southwest many years ago While this explanation may not be as titillating as tales of unearthly craft and creatures it is a fascinating story nonetheless **The Roswell Report** Headquarters United States Air Force,2002-06-01 This is the official U S Air Force story of the Roswell UFO incident illustrated with rare archival photos It contains the complete report on the Roswell incident as submitted to the Secretary of the Air Force Section One examines alleged events in two locations in rural New Mexico and Section Two examines the alleged activities at the Roswell Army Airfield Hospital [The Roswell Report](#) James McAndrew,1997 In July 1994 at the request of the Government Accounting Office the U S Air Force completed a thousand page report to explain the events that transpired in and near Roswell in the summer of 1947 The Roswell Report Case Closed is the follow up to that report and contains additional materials and analysis intended to reach a complete open and final explanation of the events that occurred in the Southwest many years ago While this explanation may not be as titillating as tales of unearthly craft and creatures it is a fascinating story nonetheless *The Roswell Report* James McAndrew,1997 **Roswell Report** James McAndrew,2011 Originally published by the United States Force in 1997

Roswell and the Reich Joseph P. Farrell,2020-03-10 Already well known for his bestselling series of exposés on secret Nazi technology and the survival of the Third Reich after the end of World War II Oxford educated historian and physicist Joseph P Farrell here delves ever deeper into the activities of this nefarious group In his previous works Farrell has clearly demonstrated that the Nazis were clandestinely developing new and amazing technologies toward the end of WWII and that the key scientists involved in these experiments were exported to the Allied countries at the end of the conflict mainly the United States in a move called Operation Paperclip NASA director and developer of the Saturn V rocket that sent Americans to the moon Werner von Braun was one of these scientists Farrell has traced the links between ongoing Reich activities and the newly formed CIA and other defense military industrial establishments Now Farrell has meticulously reviewed the best known Roswell research from UFO ET advocates and skeptics alike as well as some little known source material and comes to a radically different scenario of what happened in Roswell New Mexico in July 1947 and why the US military has continued to cover it up to this day Farrell presents a fascinating case sure to disturb both ET believers and disbelievers namely that what crashed may have been representative of an independent postwar Nazi power an extraterritorial Reich monitoring its old enemy America and the continuing development of the very technologies confiscated from Germany at the end of the War
