Working-Class Women in Irish Literature and Theatre Clara Mallon, Salomé Paul, 2025-07-25 Working Class Women in Irish Literature and Theatre critically engages with works of theatre both by and about working class women historically and presently Addressing professional and community theatre productions from both textual and performative perspectives this volume focuses on works of theatre by practitioners directors playwrights and performance artists across rural and urban contexts Irish theatre has a long history of signifying social class Yet the representations of working class women in Irish theatrical history also encompass several problematic issues starting with the fact that these depictions were created by male

writers like J M Synge and Se n O Casey to name but a few Nonetheless the theatre s emphasis on embodied performance and its ability to reach its public in an unmediated way has attracted working class engagement perhaps more than other art forms in Ireland Contemporary playwrights in the Republic and the north of Ireland have tirelessly striven to illuminate working class women s lived experiences and have reframed the characterisation of working class women by drawing out the intersection of social class with sexualities ethnic minorities and racial identities This edited collection also includes the voices of directors playwrights and performers who identify with a working class social background offering first hand accounts of their lived experience in the theatre industry Sacred Play Anne F. O'Reilly,2004 Examination of the soul and spirituality in Irish theatre **The Plays of Thomas Kilroy** Thierry Dubost,2015-03-14 The Irish Times called Thomas Kilroy one of the most significant playwrights of modern Ireland while The Sunday Times has described him as one of the outstanding living Irish playwrights and perhaps the most complete The winner of numerous honors including a special tribute from the Irish Theatre Awards in 2003 he has written fourteen plays This appraisal of the works of Thomas Kilroy focuses on the common themes and methodology of his plays including an unusual alliance between serious theatrical complexity and varied but demanding forms of comedy A separate chapter is devoted to each play with the exception of The Death and Resurrection of Mr Roche and The MacAdam Travelling Theatre whose complementary themes are discussed together Reflecting on the essence of theatre Kilroy s works combine meditations on humanity with references to Irish history generally using historical reality as a dramatic starting point Plays discussed include Kilroy originals such as Talbot s Box The Secret Fall of Constance Wilde and Blake as well as adaptations of well known works such as The Seagull Six Characters in Search of an Author and Henry Interviews with stage directors L Parker M Stafford Clark P Mason A S Paul and the playwright himself contribute to this in depth analysis of Kilroy s dramatic art Photographs of staged plays and a list of premieres of Kilroy s works plays and adaptations are also included Interactions Nicholas Grene,Patrick Lonergan,Lilian Chambers,2008 For over fifty years the Dublin Theatre Festival has been one of Ireland s most important cultural events bringing countless new Irish plays to the world stage while introducing Irish audiences to the most important international theatre companies and artists With contributions from leading scholars and practitioners Interactions explores and celebrates the Festival s achievements since 1957 featuring essays on major Irish writers directors and theatre companies as well as the impact of visiting directors and companies from abroad This book includes specially commissioned memoirs from past organizers and observers of the Festival offering a unique perspective on the controversies and successes that have marked the event s history An especially valuable feature of the volume also is a complete listing of the shows that have appeared at the Festival from 1957 to 2008 **BOOK JACKET Masculinities and Manhood in Contemporary Irish Drama** Cormac O'Brien,2021-12-10 This book charts the journey in terms of both stasis and change that masculinities and manhood have made in Irish drama and by extension in the broader culture and society from the 1960s to the present

Examining a diverse corpus of drama and theatre events both mainstream and on the fringe this study critically elaborates a seismic shift in Irish masculinities This book argues then that Irish manhood has shifted from embodying and enacting post colonial concerns of nationalism and national identity to performing models of masculinity that are driven and moulded by the political and cultural practices of neoliberal capitalism Masculinities and Manhood in Contemporary Irish Drama charts this shift through chapters on performing masculinity in plays set in both the Irish Republic and Northern Ireland and through several chapters that focus on Women s and Queer drama It thus takes its readers on a journey a journey that begins with an overtly patriarchal nationalist manhood that often made direct comment on the state of the nation and ultimately arrives at several arguably regressive forms of globalised masculinity which are couched in misaligned notions of individualism and free choice and that frequently perceive themselves as being in crisis

Money and Magic in Early Modern Drama David Hawkes, 2022-12-01 Money magic and the theatre were powerful forces in early modern England Money was acquiring an independent efficacious agency as the growth of usury allowed financial signs to reproduce without human intervention Magic was coming to seem Satanic as the manipulation of magical signs to performative purposes was criminalized in the great witch craze And the commercial public theatre was emerging to great controversy as the perfect medium to display analyse and evaluate the newly autonomous power of representation in its financial magical and aesthetic forms Money and Magic in Early Modern Drama is especially timely in the current era of financial deregulation and derivatives which are just as mysterious and occult in their operations as the germinal finance of 16th century London Chapters examine the convergence of money and magic in a wide range of early modern drama from the anonymous Mankind through Christopher Marlowe to Ben Jonson concentrating on such plays as The Alchemist The New Inn and The Staple of News Several focus on Shakespeare whose analysis of the relations between finance witchcraft and theatricality is particularly acute in Timon of Athens The Comedy of Errors Antony and Cleopatra and The Winter's Tale
