Belenky, 2012-04-25 This is the first book on the U S presidential election system to analyze the basic principles underlying the design of the existing system and those at the heart of competing proposals for improving the system The book discusses how the use of some election rules embedded in the U S Constitution and in the Presidential Succession Act may cause skewed or weird election outcomes and election stalemates The book argues that the act may not cover some rare though possible situations which the Twentieth Amendment authorizes Congress to address Also the book questions the constitutionality of the National Popular Vote Plan to introduce a direct popular presidential election de facto without amending the Constitution and addresses the plan s Achilles Heel In particular the book shows that the plan may violate the Equal Protection Clause from the Fourteenth Amendment of the Constitution Numerical examples are provided to show that the counterintuitive claims of the NPV originators and proponents that the plan will encourage presidential candidates to

chase every vote in every state do not have any grounds Finally the book proposes a plan for improving the election system by combining at the national level the one state one vote principle embedded in the Constitution and the one person one vote principle Under this plan no state loses its current Electoral College benefits while all the states gain more attention of presidential candidates *My Burmese Cookbook* Myintmyint Soe,2014-11-20 This is a book about the wonderfully rich and vibrant cuisine of Myanmar Myanmar has recently opened up to the world but very little is known about its cuisine Although the country is situated between China Bangladesh India and Thailand its cuisine is subtly different but yet has influences from all those countries The recipes in my book are written for both beginners and experienced cooks alike with clear instructions The book provides measurements in metric system and recipes are easy to follow My Cookbook Part 1 and 2 are one of those rare books with recipes on much loved Myanmar cuisine They will give you great happiness and enjoyment among families and friends for years to come Major Nation-States in the European Union J.
