

"The farmers who built round barns, for all their variety, had one thing in common: they were all progressive in one way or another. . . . (yet) Others built round barns . . . because they enjoyed the notice they got from owning the first round barn in the neighborhood."

Round Barns Of New York:

Round Barns of New York Richard Triumpho, 2004-05-01 This book begins with an intriguing overview of the first five round barns built across America including one in New York State Elliott Stewart who built the first octagon barn in the Empire State in 1874 is revealed to be a passionate original whose vigorous editorial campaign led to the construction of a dozen such barns The author next introduces John McArthur who constructed a polygonal sixteen sided double octagon barn so huge it was the biggest in the state and second largest in the nation Case histories document five other singular New York barns of varying configurations Abundant photos make these bygone barns spring to life Floor plans of the earliest barns show why the round shape engaged farmers at the turn of the century The book also explains why true round barns born of silos surpassed octagon barns in popularity A special section on seven true round barns in New York offers historical data and rare anecdotes by present owners

Barns of New York Cynthia Falk, 2012-05-01 Barns of New York explores and celebrates the agricultural and architectural diversity of the Empire State from Long Island to Lake Erie the Southern Tier to the North Country providing a unique compendium of the vernacular architecture of rural New York Through descriptions of the appearance and working of representative historic farm buildings Barns of New York also serves as an authoritative reference for historic preservation efforts across the state Cynthia G Falk connects agricultural buildings both extant examples and those long gone with the products and processes they made and make possible Great attention is paid not only to main barns but also to agricultural outbuildings such as chicken coops smokehouses and windmills Falk further emphasizes the types of buildings used to support the cultivation of products specifically associated with the Empire State including hops apples cheese and maple syrup Enhanced by more than two hundred contemporary and historic photographs and other images this book provides historical cultural and economic context for understanding the rural landscape In an appendix are lists of historic farm buildings open to the public at living history museums and historic sites Through a greater awareness of the buildings found on farms throughout New York readers will come away with an increased appreciation for the state's rich agricultural and architectural legacy
