Colburn's United Service Magazine and Naval Military Journal ,1853 *Colburn's United Service Magazine and Naval and Military Journal* ,1853 **The Dutch in the Medway** P. G. Rogers,2017-02-28 The daring raid on the Medway in June 1667 when the Dutch navigated the treacherous shoals and sandbanks of the Thames estuary and the Medway in order to attack King Charles s ships laid up below Chatham was one of the worst defeats in the Royal Navy s history and a serious blow to the pride of the English crown Perhaps the greatest humiliation was the removal by the Dutch of the flagship Royal Charles towed down river after the raid and taken back to Holland Her stern piece resides in the Rijksmuseum in Amsterdam to this day The raid intended to bring to an end English procrastination at the peace negotiations in Breda was to cause simmering resentment and lead eventually to the Third Dutch War As Pepys wrote in his diary on 29 July 1667 Thus in all things in wisdom courage force knowledge of our own streams and success the Dutch have the best of us and do end the war with victory on their side P G Roger s account of the raid and its significance within the Second Anglo Dutch War between Britain and the United Provinces of the Netherlands is vividly told and he sheds much interesting light on the English navy of Pepys s day His particular knowledge of the Medway and the topography of Gillingham and Chatham also enables him to describe the manoeuvres at a level of detail that has not been replicated This edition of a classic work will delight a whole new generation of readers **The Era Almanack** ,1880 **Dictionary of Pub Names** ,2006-09 For hundreds of years the public house in its many guises from urban gin palace to wayside coaching inn has been a charming and quintessential feature of British life and hence the names and signs associated with pubs are a constant reminder of our history cultural heritage folklore and local identity The Wordsworth Dictionary of Pub Names is a fascinating compilation containing nearly five thousand absorbing entries and can be dipped into for fun or consulted on a serious level for intriguing and amusing information not readily available elsewhere The local pub is an institution unique to the British Isles but since English literature abounds with references to hostelryes past and present real and imagined and no tourist s itinerary is complete without a visit to one or several on their route its virtues are celebrated worldwide and readers everywhere will enjoy an affectionate and perhaps nostalgic browse through the pages of this entertaining dictionary **Ancient and Modern Ships, Part I** George C.V Holmes,2020-07-31 Reproduction of the original Ancient and Modern Ships Part I by George C V Holmes *Ancient and Modern Ships - Part I. introduction on sailing This book was first published in 1906 *Ship Decoration, 1630-1780* Andrew Peters, 2013-10-23 This book is a detailed comparative study of the decorative work figurehead topside ornamentation and stern gallery design carried by the ships of the major maritime states of Europe in the zenith of the sailing era It covers both warships and the most prestigious merchant ships the East Indiamen of the great chartered companies The work began life in the year 2000 when the author was commissioned to carry out research for an ambitious project to build a full size replica of a Swedish East Indiaman which produced a corpus of information whose relevance stretched way beyond the immediate requirements of accurately decorating the replica In tracking the artistic influences on European ship decoration it became clear that this was essentially the story of the baroque style its dissemination from France and its gradual transformation into distinct national variations in Britain the Netherlands Denmark and Sweden It is an inherently visual subject and the book illustrates developments with numerous photographs of contemporary ship models paintings and plans as well as the author's own interpretive illustrations of details As the first major work on the topic for nearly a century it will be of obvious appeal to ship modellers and historians but with comparative examples drawn from architecture and sculpture it also makes a broader contribution to the history of the applied arts **The American Hereford Record and Hereford Herd Book** American Hereford Cattle Breeders' Association, 1909
