Say Yes To Love God Leads Humanity Toward Christ Consciousness:

Say YES to Love, God Leads Humanity Toward Christ Consciousness Yael Powell, Doug Powell, 2003-08-01 The Say Yes to Love series of the Messages from God represent the progressive opening of the heart of humanity as documented by Ya l Powell through her thirty year daily communion with God In this book we experience the remembrance of our Love for God and the assurance that our minds are the incubation chamber of a new consciousness You will have no idea how you ever survived life in the old These powerful Messages vastly expand our perceptions leading us to a completely different view of the world in which we live We now see that everything before us has presented itself in duality in either or in good bad in Love and anti Love God shifts our consciousness to know that only Love is Real and that duality is an illusion the creation of our little minds or egos God is the only cause of anything Love is the only substance Books In Print 2004-2005 Ed Bowker Staff, Staff Bowker, Ed, 2004 Christian Science Sentinel ,1904 Christian Ethics as Witness David Haddorff, 2011-01-01 Christian ethics is less a system of principles rules or even virtues and more of a free and open ended responsible witness to God's gracious action to be with and for others and the world Postmodernity has left us with the risky uncertainty of knowing and doing the good It also leaves us with the global risks of political violence and terrorism economic globalization and financial crisis and environmental destruction and global climate change How should Christians respond to these problems This book creatively explores how Christian ethics is best understood a witness to God's action thereby providing the ethical framework for addressing the various problematic social issues that put our world at risk Haddorff develops the notion of witness through a detailed study of Karl Barth's theological ethics Barth he argues provides a language enabling us to know what a Christian ethics of witness actually looks like in both theory and in practice In correspondence to God's gracious action Christians remain free to think and act in faith hope and love in respondence to their unique circumstances even in a world at risk In their witness Christians remain confident that God has not abandoned the world but loves and cares for its future Theological Interpretation of Culture in Post-Communist Context Ivana Noble, 2016-12-05 Twenty years after the fall of Communism in Central and East Europe is an ocassion to reevaluate the cultural and theological contribution from that region to the secularization post secularization debate Czech theologian Ivana Noble develops a Trinitarian theology through a close dialogue with literature music and film which formed not only alternatives to totalitarian ideologies but also followed the loss and reappeareance of belief in God Noble explains that by listening to the artists the churches and theologians can deal with questions about the nature of the world memory and ultimate fulfilment in a more nuanced way Then as partakers in the search undertaken by their secular and post secular contemporaries theologians can penetrate a new depth of meaning sending out shoots from the stump of Christian symbolism Drawing on the rich cultures of Central and East Europe and both Western and Eastern theological traditions this book presents a theological reading of contemporary culture which is important not just for post Communist countries but for all

who are engaged in the debate on the boundaries between theology politics and arts Far From This Land Michael Gellert, 2021-08-15 This book is inspired by the author's dreams and visionary experiences in response to brain surgery Unfolding as a dialogue between different parts of his personality its story is told from the perspective of an alter ego a skeptical part of him that could not believe and accept these astonishing dreams and visions Throughout his story he is resistant to accepting his near death experience an extraordinary one by most standards. He has to fight his way to embracing reluctantly the implications this experience has for his personal development as well as his understanding of human evolution The book explores such topics as the workings of the unconscious mind dreams visions and paranormal phenomena the evolution of consciousness and of our planet and the psychological and spiritual dimension of climate change Though very much about the afterlife it has profound implications for our everyday lives A remarkable book that sets in motion the dreamscape of the unconscious mind Gellert applies Jung's active imagination techniques with great originality The evolutionary material is fascinating taking a deep dive into the philosophy of theologian Pierre Teilhard de Chardin among other things Wendy Goldman Rohm New York Times bestselling author **Spirituality and Quality of Life Rico** Spurgeon's Sermons Volume 05: 1859 Charles Haddon Spurgeon, 2017-04-19 Charles Spurgeon was Palaca Ponce.2005 one of the most evangelical and puritan of protestant minister s in the 19th century In the fifth volume of these series of sermons these charismatic and inspiring sermons are enough to encourage convict and inspire anyone who seeks a closer and more intimate relationship with God Balthasar and Anxiety John R. Cihak, 2011-10-20 This study offers a theological response to the problem of anxiety from the point of view of Hans Urs von Balthasar It is a systematic presentation analysis and development of Balthasar's original theology of anxiety found in his only work on the subject Der Christ und die Angst The study takes a thematic approach based upon the four types of analysis found in Der Christ und die Angst phenomenological anthropological theological and ecclesial These four approaches to the topic correspond to the phenomenon origins redemption and transformation of anxiety Through this thematic approach Balthasar's thought is examined in relation to some of the important figures on anxiety The phenomenon of anxiety is presented in relation to modern psychiatry The examination of anxiety s origins places him in dialogue with Kierkegaard on anxiety from discursive reasoning and Freud on anxiety from ego consciousness The redemption of anxiety places Balthasar in relation to Aquinas in order to clarify Balthasar's interpretation and to show its significance in the theological tradition. The transformation of anxiety places our author in dialogue with Luther on the shape of anxiety in the Christian life The final chapter begins to unravel the construct of anxiety with a brief exploration of how it is transformed in the Church according to Balthasar something he had never explicitly developed The influence of Bernanos on Balthasar's thought is felt throughout the study The entire study is framed by the two Gardens wherein transpire the most significant events concerning anxiety for Balthasar the Garden of Eden and the Garden of Gethsemane The Christian Advocate, 1900 Discovering the Seer in You
