Staffing the Contemporary Organization Donald L. Caruth, Gail D. Caruth, Stephanie S. Pane, 2008-12-30

Few business functions are more important than putting people where they can do the most good. Get it right and the business soars. Get it wrong and the business pays dearly in reduced sales, profits and productivity. *Staffing the Contemporary Organization* provides a comprehensive treatment of staffing procedures, policies, techniques and problems. It includes a number of human resources topics not usually covered in one volume: HR planning, legal aspects of staffing, recruiting, selecting, performance appraisal, career development and many others in an integrated system. The method presented is a proven, useful tool that managers and HR people can employ to build stronger, more resilient organizations. This thoroughly revised edition provides a comprehensive treatment of staffing procedures, policies, techniques and problems. It covers areas newly developed since the last edition, like recruiting via the Internet and new court decisions that clarify the scope and application of antidiscrimination laws in the workplace. Among other topics, it covers the following areas in detail: Employment law, Job analysis, Recruiting and interviewing, Selecting and selection tests, Appraisals and employee development, Administration, Handling promotions, demotions, layoffs, terminations, etc. Career planning, Measuring the effectiveness of the HR function. Staffing, the authors contend, must encompass the entire range of activities associated with planning for obtaining, utilizing and developing human resources. Suitable for business students as well as professionals, this is the first book to present a systems view of the staffing function, a view necessary to maximize the contribution of any company's most important asset: its people.

**Recruiting and Retaining Your Employees**, 1993      **Fully Staffed** Eric

Chester, 2020-04-20. If you've ever struggled to keep your business staffed with high performing, loyal employees, even for unsexy jobs with high turnover rates, this book is here to solve your hiring and retention woes. *Fully Staffed* will give you an edge over your competitors by enabling you to streamline your hiring process, expand your brand awareness through job advertising, build a pipeline of qualified candidates ready to fill positions before they're even vacant, and refine your hiring funnel so that these superstar employees stay with you for the long haul. Packed full of comprehensive research on the resources and strategies available to today's business owners, as well as the stories of business owners and leaders who have utilized them with great success, *Fully Staffed* lives up to its subtitle of being THE definitive guide to finding and keeping great employees in the worst labor market ever. Each chapter will help you replace desperation with a solid plan of action as you discover: Why the most crucial employment strategy is perfecting your workplace culture. How to implement thoughtful, unique and digitally minded job advertising techniques. How to leverage the power of community, educational and governmental networks and programs. How to harness the value in under-tapped labor pools like veterans, retirees, ex-offenders and people with disabilities. And how to optimize your onboarding and retention processes. In this tough labor market where the job hunters have become the hunted, employers can't rely on the hiring tactics of yesteryear. They have to ditch poorly placed Help Wanted ads and stop hiring every candidate who walks through the door. Instead, they must be thoughtful about who they want to hire, where and when they will advertise for open positions, how they want to onboard

them and why professional development matters Read it in part or in full this encyclopedic guide to hiring and retention has every tip and tactic you need in the common sense language you want to quickly and easily get off the hire train turnover treadmill and get your business FULLY STAFFED

NEED AND IMPORTANCE OF EMPLOYEE RETENTION IN ORGANIZATION RELATED TO HUMAN RESOURCE MANAGEMENT S.Tephillah vasantham,Dr.C. Swarnalatha,

Retaining Your Best Employees (In Action Case Study Series) Patricia Pulliam Phillips,2023-05-26 Keeping and retaining your best high performing employees is tough But here s a resource that helps you take the best retention strategies from other organizations and apply them to your own situation Explore what others are doing about managing retention and learn about retention s impact on the individual employee who has chosen to leave or has been forced to leave an organization This book includes 10 case studies on important topics such as using recognition to manage retention reinvigorating a mature company and using an internal degree program to reduce turnover

*Managing Employee Retention* Jack J. Phillips,Adele O. Connell,2004-02-18 During the past decade employee turnover has become a very serious problem for organizations Managing retention and keeping the turnover rate below target and industry norms is one of the most challenging issues facing business All indications point toward the issue compounding in the future and even as economic times change turnover will continue to be an important issue for most job groups Yet despite these facts employee turnover continues to be the most unappreciated and undervalued issue facing business leaders There are a variety of reasons for this for example the true cost of employee turnover is often underestimated The causes of turnover are not adequately identified and solutions are often not matched with the causes so they fail Preventive measures are either not in place or do not target the issues properly and therefore have little or no effect and a method for measuring progress and identifying a monetary value ROI on retention does not exist in most organizations Managing Employee Retention is a practical guide for managers to retain their talented employees It shows how to manage and monitor turnover and how to develop the ROI of keeping your talent using innovative retention programs The book presents a logical process of managing retention from identifying turnover costs and causes designing solutions that match the causes of turnover developing tools for tracking turnover and placing alerts when action is needed and measuring the ROI of retention programs
