Scalps and Tomahawks Frederick Drimmer, 1961 With Musket & Tomahawk Volume II Michael O. Logusz, 2012-03-14
This history of the 1777 Wilderness War in America's fight for independence chronicles the Patriot defense against British and Iroquois attackers Continuing his acclaimed history of the battles for New England during the Revolutionary War Michael Logusz chronicles the British Army's campaign from Lake Ontario down the Mohawk Valley This campaign led by Gen Barry St Leger was perhaps the most terrifying of all as it overran a sparsely populated wilderness where colonists had long needed to bear arms against the Iroquois Federation Yet now the British had made common cause with the Iroquois forming an even more fearsome enemy In upstate New York the Patriot Fort Stanwix held fast though surrounded by St Leger's forces and his Mohawk and Loyalist auxiliaries Some eight hundred Patriots under militia leader Nicholas Herkimer attempted to relieve the fort but were ambushed en route in the Battle of Oriskany the basis for the movie *Drums Along the Mohawk* In the end Fort Stanwix was relieved only when Benedict Arnold marched his troops through and forced the British to give up their western onslaught In *With Musket and Tomahawk Volume II* Logusz captures the terrain tactics and terror of this multifaceted wilderness war Essays of American Essayists Chauncey C. Hass,2023-01-24 A field guide to the memorials museums and practices that commemorate white supremacy in the United States and how to reimagine a more deeply shared cultural infrastructure for the future Cultural infrastructure has been designed to maintain structures of inequality and while it doesn t seem to be explicitly about race it often is Blunt Instruments helps readers identify contextualize and name elements of our everyday landscapes and cultural practices that are designed to seem benign or natural but which in fact work tirelessly to tell us vital stories about who we are how we came to be and who belongs Examining landmark moments such as the erection of the first American museum and Colin Kaepernick s kneeling pledge of allegiance historian Kristin Hass explores the complicated histories of sites of cultural infrastructure such as the American Museum of Natural History the Bridge to Freedom in Selma the Washington Monument Mount Auburn Cemetery Kehinde Wiley s 2019 sculpture Rumors of War the Victory Highway the Alamo Cenotaph With sharp analysis and a broad lens Hass makes the undeniable case that understanding what cultural infrastructure is and the deep and broad impact that it has is essential to understanding how structures of inequity are maintained and how they might be dismantled *Stone talk, Lithophōnēma, being some of the marvellous sayings of a petral portion of Fleet street, London to one doctor Polyglott, by Frank Baker* sir Richard Francis Burton,1865 America Victor Kiernan,2015-10-15

While there have been many analyses of American imperialism few have equalled the breadth or insight of this seminal text one of the first to provide a historical perspective on the origins of the American empire Victor Kiernan one of the world s most respected historians employs a nuanced knowledge of history literature and politics in tracing the evolution of American power Far reaching and ambitious in scope the book combines accounts of the changing relationship between Native Americans and the white population with readings of the works of key cultural figures such as Melville and Whitman as well as an analysis of the way in which money and politics became so closely intertwined in American democracy Also included is a preface by Eric Hobsbawm providing insight into his own views on American imperialism as well as a valuable introduction

to Victor Kiernan's work Together they shed useful light on such issues as the uses and misuses of American military might its lack of respect for international agreements and the right to pre-emptive defence issues which remain just as urgent today
