Scandinavian Home demonstrates this elegant yet informal design at its best and most accessible [Nordic Design Cultures in Transformation, 1960-1980](#) Kjetil Fallan,Christina Zetterlund,Anders V. Munch,2022-08-30 Covering the 1960s and 1970s this volume explores new ways of investigating comparing and interpreting the different domains of design culture across the Nordic countries Challenging the traditional narrative this volume argues that the roots of the most prominent features of Nordic design's contemporary significance are not to be found amongst the objects for the home collectively branded as Scandinavian Design to great acclaim in the 1950s but in the discourses institutions and practices formed in the aftermath of that oft told success story during the turbulent period between 1960 and 1980 This is achieved by employing multidisciplinary approaches to connect the domains of industrial production marketing consumption public institutions design educations trade journals as well as public debates and civic initiatives forming a design culture This book makes a
