Scandinavian Modern Design, 1880-1980 David Revere McFadden, Cooper-Hewitt Museum, Minnesota Museum of Art, Renwick Gallery, 1982 **Ecological by Design** Kjetil Fallan, 2022-11-22 How ecological design emerged in Scandinavia during the 1960s and 1970s building on both Scandinavia's design culture and its environmental movement Scandinavia is famous for its design culture and for its pioneering efforts toward a sustainable future In *Ecological by Design* Kjetil Fallan shows how these two forces came together in the late 1960s and early 1970s when Scandinavian designers began to question the endless cycle in which designed objects are produced consumed discarded and replaced in quick succession The emergence of ecological design in Scandinavia at the height of the popular environmental movement Fallan suggests illuminates a little known reciprocity between environmentalism and design not only did design play a role in the rise of modern environmentalism but ecological thinking influenced the transformation in design culture in Scandinavia and beyond that began as the modernist faith in progress and prosperity waned Fallan describes the efforts of Scandinavian designers to forge an environmental ethics in a commercial design culture sustained by consumption shows by recounting a quest for sustainability through Norwegian wood s that one of the main characteristics of ecological design is attention to both the local and the global and explores the emergence of a respectful and sustainable paradigm for international development Case studies trace key connections to continental Europe Britain the US Central America and East Africa Today ideas of sustainability permeate design discourse but the historical emergence of ecological design remains largely undiscussed With this trailblazing book Fallan fills that gap **Twentieth-century Style & Design** Stephen Bayley, Philippe Garner, Deyan Sudjic, 1986 The twentieth century is the first century of self conscious total design at every level of our living and environment Care and vision in the application of design have come to be demanded in every aspect of modern life from our kitchens and bathrooms to our factories and workshops from our clothes and domestic objects to the packaging of pocket calculators or the structuring of plastic dining chairs *Twentieth Century Style and Design* is a major survey lavishly illustrated throughout It traces the concerns of designers of this century in four chronological sections the pioneers from 1900 to 1915 ornament versus pure form of the twenties and thirties austerity and reconstruction in the forties and fifties and experiment versus continuity in the sixties to the present Although each section is divided according to the type of design decorative arts industrial and domestic design and architecture and the urban environment the emphasis is on the all embracing nature of design in the twentieth century The authors are all leading authorities actively involved in the promotion of contemporary arts Combining their knowledge and experience they have produced a book which is essential reading for those involved with architecture and design and for anyone interested in this increasingly pervasive aspect of today Book Jacket The Design Encyclopedia Mel Byars, 1994-08-12 Includes photographs Die Stuttgarter Gardinenfabrik GmbH im Rahmen der internationalen Textilentwicklung von 1934 bis 1990 Susanne S. Venable, 2000-03 The rich colors of Frederick Rhead's Fiesta or the translucent beauty of Waterford crystal Russel Wright's American Modern or Haviland's White House service of 1879 the right tableware adds personality to a celebration But beyond their appeal to all who want to entertain in style and their value as collectibles china and glass wares mirror the profound cultural and economic shifts in twentieth century America and provide a unique vantage point from which to view our society *Contemporary Designers* Ann Lee Morgan, Colin Naylor, 1984 **The Best Books for Academic Libraries: Music & fine arts** ,2002 Books recommended for undergraduate and college libraries listed by Library of Congress Classification Numbers **University of California Union Catalog of Monographs Cataloged by the Nine Campuses from 1963 Through 1967: Authors & titles** University of California (System). Institute of Library Research, University of California, Berkeley, 1972 **Living Pictures, Missing Persons** Mark B. Sandberg, 2021-10-12 In the late nineteenth century Scandinavian urban dwellers developed a passion for a new utterly modern sort of visual spectacle objects and effigies brought to life in astonishingly detailed realistic scenes The period 1880-1910 was the popular high point of mannequin display in Europe *Living Pictures Missing Persons* explores this phenomenon as it unfolded with the rise of wax museums and folk museums in the largest cities of Denmark Sweden and Norway Mark Sandberg asks Why did modernity generate a cultural fascination with the idea of effigy He shows that the idea of effigy is also a portal to understanding other aspects of visual entertainment in that period including the widespread interest in illusionistic scenes and tableaux in the portability of sights spaces and entire milieus Sandberg investigates this transformation of visual culture outside the usual test cases of the largest European metropolises He argues that Scandinavian spectators desired an unusual degree of authenticity a cultural preference for naturalism that made its way beyond theater to popular forms of museum display The Scandinavian wax museums and folk ethnographic displays of the era helped pre-cinematic spectators work out the social implications of both voyeuristic and immersive display techniques This careful study thus anticipates some of the central paradoxes of twentieth century visual culture but in a time when the mannequin and the physical relic reigned supreme and in a place where the contrast between tradition and modernity was a high stakes game *Industrial design, Unikate, Serienerzeugnisse* Hans Wichmann, 1985 Med fortegnelse over designere **Decorative Art, 1880-1980** Dan Klein, Margaret Bishop, 1986 **Domus, monthly review of architecture interiors design art** ,1983 **A Bibliography of Design in Britain, 1851-1970** Anthony J.
