Shinto, the Way of the Gods William George Aston, 1905 THE ATTRIBUTES OF GOD Arthur W. Pink, 2021-11-11 If you want to get to know someone well it is helpful to learn their attributes characteristics Similarly if you want to know God well you need to understand what His attributes are Consider how God enriched our life by creating humans in his image Genesis 1:27 That indicates that he made it possible for us to reflect his superior attributes qualities in a small way He endowed us with spiritual capacity or the ability to understand his views and values As we endeavor to live by these we enjoy greater happiness and meaning in life More than that he gave us the potential to build a relationship with him The 20 short chapters in the second edition of THE ATTRIBUTES OF GOD by Arthur W Pink help readers discover the truth about God s most significant characteristics or qualities attributes Edward D Andrews an author of 170 books has updated archaic language added two additional attributes of God a modern literal translation for quoted Bible verses adding some 60 pages of material

The Night Life of the Gods Thorne Smith, 1942 We meet this affluent bachelor the epitome of a mad scientist as he adventures to delights with his leprechaun girlfriend After transforming statues into people and vice versa in his home town he moves to the Greek gods in the Metropolitan Museum You ll have quite a few laughs mixed in with social commentary Read it *The Plot To Kill God* Edward F. Mrkvicka, Jr., Kelly H. Mrkvicka, 2015-01-09 As we near the Second Coming the battle between good and evil intensifies Sadly the forces of evil are winning mainly because too many Christians and the churches they attend are going along to get along They ll stand for God as long as they can do so in silence If their faith costs them anything they want no part of it The Bible warns us that we must know the enemy but most of us are clueless It s so much easier to bury our heads in the sand and act like everything is okay even though we know it s not Our Lord and Savior died in this world so we can experience life everlasting Put another way God allowed His Son to be treated like we deserve to be treated so we could be treated like His Son Why Because He loves us In John 15:13 it is stated Greater love has no one

than this than to lay down one's life for his friends And in return for Christ's sacrifice most of us remain mute We've quietly let Him be kicked out of our places of business our schools our government at all levels our courts and in some cases our churches and homes And then when we need Him we in unmitigated hypocrisy call for a National Day of Prayer for example immediately after 9/11 The spiritual war we're facing is almost at an end What we do or don't do will determine the outcome Jesus said it best in Matthew 12:30 He who is not with Me is against Me That's about as simple and direct as it can get The spiritual war we all face is raging and acting as if we're a neutral nation in WWII is no longer an option The choice is ours We either stand with Christ or we become His enemy

In the Presence of Gods and Spirits Anne Walthall, 2025-08-12 In the Presence of Gods and Spirits brings to life the early nineteenth century Japanese religious leader and scholar Hirata Atsutane whose fear of Russian incursion onto Japan's soil led him to redefine what it means to be

Japanese Atsutane advocated the study of the Way of the Gods commonly known as Shinto to explain what happens to the soul after death and to cultivate a Japanese identity centered on gods spirits and the emperor His teachings would later attract thousands of followers and feed the movements that led to the Meiji Restoration Drawing on the concept of material religion Walthall demonstrates how Atsutane and his collaborators sought out knowledge of the unseen world and educated others while seeking to bring themselves closer to the gods and spirits This work showcases Atsutane and his community s legacy which has had a profound influence on Japanese society religious belief and culture far beyond his lifetime

Glimpses of Unfamiliar Japan Lafcadio Hearn,1894 As an interpreter of Japan to the West Lafcadio Hearn was without parallel in his time His numerous books about that country were read with a fascination that was a tribute to his keen powers of observation and the vividness of his descriptions Today even though Japan has changed greatly from what it was when he wrote about it his writing is still valid for it captures the essence of the country an essence that has actually changed a good deal less than outward appearances might suggest In a word the Japanese character and the Japanese tradition are still fundamentally the same as Hearn described *Glimpses of an Unfamiliar Japan* Lafcadio Hearn,2012-06-01 Scholar and self taught ethnographer Lafcadio Hearn spent much of his life documenting and interpreting Japanese culture for Western audiences His observations and essays in *Glimpses of an Unfamiliar Japan* offer an exciting look into the daily lives of the Japanese in a bygone era **Glimpses of Unfamiliar Japan; First Series** Lafcadio Hearn,2025-08-16 Reproduction of the original The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **Glimpses of Unfamiliar Japan First and Second Series** Lafcadio Hearn,2021-07-31 *Glimpses of Unfamiliar Japan* is a bewitching look into a world that few Westerners saw in the late nineteenth and early twentieth centuries a world that still endures in many ways in spite of the changes that have taken place during the modernization of Japan Goodreads *The Living Dead* Barry L. Callen,2023-02-14 People readily form religious beliefs out of their imaginations fears fantasies and bloated egos The paranormal is now nearly the norm in the world of popular entertainment threatening traditional systems of belief Are today s walking dead real zombies Are the aliens actually here What s keeping you awake at night Are masses of overscheduled and frustrated people spiritually deceased even though still breathing Who s lurking in the shadows demons of destruction a loving God seeking our highest well being or nothing but our twisted imaginations How we fragile humans long for safety ecstasy community meaning and salvation We must beware however Numerous charlatans have it all for sale By contrast there still is the man Jesus who has paid the highest of prices and is offering all we need as a free gift In him insists the Christian faith death has died and we ve been set free to be possessed by the Spirit of Jesus thus becoming the living dead Receiving this gift takes faith of course but faith not contrary to reason In fact it may be the most reasonable and satisfying thing we could ever do History Is Dead Scott A. Johnson,2007-12 Our team of crack historians has uncovered the truth

you never learned in school the living dead have walked among us since the dawn of time In this collection of gruesome tales from throughout the ages the ravenous undead shamble through bloody battlefields plague ridden cities genteel country estates and dusty frontier towns They emerge from foggy cemeteries frozen barrows loamy bogs cursed mines and gore spattered operating rooms to prey on the living But these zombies don't just eat people They help painters and writers save their faltering careers They unwittingly push humankind on the quest for fire They topple evil capitalists and their corporate empires They fight crime They fall in love Join us on a journey into our zombie filled past Neither history nor the living dead have ever been this exciting

Four Historical Definitions of Architecture Stephen Parcell, 2012-04-11 Where does architecture belong in the larger scheme of things Is it a liberal art Is it related to painting music medicine or horse training Is it timeless or does it have a beginning To pursue such questions Stephen Parcell investigates four historical definitions of Western architecture as a techné in ancient Greece a mechanical art in medieval Europe an art of disegno in Renaissance Italy and a fine art in eighteenth century Europe These definitions situated architecture within larger classifications of knowledge establishing alliances between architecture and other disciplines They also influenced elements of architectural practice that we now associate with three characters designer builder and dweller and three things material drawing and building Guided by current architectural questions Parcell examines writings in these historical periods and focuses on practical implications of texts by Hugh of St Victor Leon Battista Alberti and Etienne Louis Boullée *Four Historical Definitions of Architecture* shows how the concept of architecture and elements of architectural practice have evolved over time Even the word architecture has ambiguous roots
