sacrifice of life has affected the country for generations and our annual formal remembrances on Anzac Day have become increasingly important. It is twenty years since the full story of Gallipoli was last told in book form. Now a new book will add significantly to our understanding of the events of 1915 on the Gallipoli peninsula. Terry Kinloch tells the story with the help of members of the New Zealand Mounted Rifles Brigade who emerged from Gallipoli battered and depleted but with reputations enhanced. He has thoroughly researched their letters and diaries and cleverly interspersed their eyewitness comments into his text. The result is a book that reads with the immediacy of actually being there. It is a fresh way of telling history and one that is sure to find a response among New Zealanders today. The full story is here: the call up, the sea journey, camp in Egypt, the eventual arrival in Gallipoli, all the battles and skirmishes that were fought there and finally the remarkable evacuation several months later.

Women and the First World War Susan Grayzel, 2024-01-17. In this revised version of a ground-breaking global history of women and the First World War, Susan Grayzel shows the multiple ways in which women faced the enormous challenges the war presented, both the losses as well as the opportunities that the war provided. The First World War was a total war requiring the mobilisation of millions of both civilians and combatants. It decisively shaped the modern world. A century after the signing of the last peace treaty to end this conflict, its experiences and legacies for women continue to inspire debate and interest. With new evidence from the tremendous outpouring of scholarship on women in all participant states, including those in occupied territories, Europe and its overseas empires, Asia, the Middle East, Africa and the United States, over the last twenty years, this edition greatly expands the coverage of the war geographically while continuing to showcase diverse women's voices. Topical in its approach, it allows for a thorough exploration of the intersectional experiences of women. Including new documents highlighting the ways in which women wrote their wars and that detail the impact of this conflict on women of different statuses and geographies, this book opens the door to further inquiry on the women of the First World War. With documents providing first-hand accounts, a chronology and a glossary, the book is an ideal text for students studying the First World War or the history of women.
