## Scenes From The Sex War:

**Scenes from the Sex War** Maeve Haran,1993      *Scenes from the Sex War* ,      **Sex Scene** Eric Schaefer,2014-03-21  
Sex Scene suggests that what we have come to understand as the sexual revolution of the late 1960s and early 1970s was actually a media revolution In lively essays the contributors examine a range of mass media film and television recorded sound and publishing that provide evidence of the circulation of sex in the public sphere from the mainstream to the fringe They discuss art films such as I am Curious Yellow mainstream movies including Midnight Cowboy sexploitation films such as Mantis in Lace the emergence of erotic film festivals and of gay pornography the use of multimedia in sex education and the sexual innuendo of The Love Boat Scholars of cultural studies history and media studies the contributors bring shared concerns to their diverse topics They highlight the increasingly fluid divide between public and private the rise of consumer and therapeutic cultures and the relationship between identity politics and individual rights The provocative surveys and case studies in this nuanced cultural history reframe the sexual revolution as the mass sexualization of our mediated world Contributors Joseph Lam Duong Jeffrey Escoffier Kevin M Flanagan Elena Gorfinkel Raymond J Haberski Jr Joan Hawkins Kevin Heffernan Eithne Johnson Arthur Knight Elana Levine Christie Milliken Eric Schaefer Jeffrey Sconce Jacob Smith Leigh Ann Wheeler Linda Williams      **Sex Wars** Lisa Duggan,Nan D. Hunter,2006 This tenth anniversary edition addresses the on going debate surrounding feminism and sexuality highlighting the major events that have shaped public debates around sexuality since 1995 including Lawrence vs Texas and the rights of same sex couples in Massachusetts      *Framing the Sex Scene: A New Take on Israeli Film History* Naomi Rolef,2021-02-22 This book retells the history of Israeli film in the 1960s and 1970s in sex scenes Through close readings of the first sex scenes in mainstream Israeli movies from this period it explores the cultural and social contexts in which these movies were made More specifically it discusses how notions of collective identity individual agency and the public and private spheres are inscribed into and negotiated in sex scenes especially in light of the historical events that marked these decades This study thus pushes away from the traditional academic perception of Israeli film and opens up new ways of understanding how it has developed in recent decades It draws on a growing international body of academic literature on the cinematic representation of sex in order to illuminate the particularities of the Israeli context in the 1960s and 1970s Apart from film scholars and scholars of Israeli film this study also addresses readers interested in Israeli cultural history more broadly      **Selling Sex on Screen** Karen A. Ritzenhoff,Catriona McAvoy,2015-07-16 Whether in mainstream or independent films depictions of female prostitution and promiscuity are complicated by their intersection with male fantasies In such films issues of exploitation fidelity and profitability are often introduced into the narrative where sex and power become commodities traded between men and women In Selling Sex on Screen From Weimar Cinema to Zombie Porn Karen A Ritzenhoff and Catriona McAvoy have assembled essays that explore the representation of women and sexual transactions in film and television Included in these

discussions are the films *Breakfast at Tiffany's*, *Eyes Wide Shut*, *L.A. Confidential*, *Pandora's Box* and *Shame* and such programs as *Buffy the Vampire Slayer* and *Gigolos*. By exploring the themes of class differences and female economic independence the chapters go beyond textual analysis and consider politics, censorship, social trends, laws, race and technology as well as sexual and gender stereotypes. By exploring this complex subject *Selling Sex on Screen* offers a spectrum of representations of desire and sexuality through the moving image. This volume will be of interest not only to students and scholars of film but also researchers in gender studies, women's studies, criminology, sociology, film studies, adaptation studies and popular culture.

**Modernism and the Theater of Censorship** Adam Parkes, 1996-02-22 Adam Parkes investigates the literary and cultural implications of the censorship encountered by several modern novelists in the early twentieth century. He situates modernism in the context of this censorship, examining the relations between such authors as D.H. Lawrence, James Joyce, Radclyffe Hall and Virginia Woolf and the public controversies generated by their fictional explorations of modern sexual themes. These authors located obscenity at the level of stylistic and formal experiment. *The Rainbow*, *Lady Chatterley's Lover*, *Ulysses* and *Orlando* dramatized problems of sexuality and expression in ways that subverted the moral, political and aesthetic premises on which their censors operated. In showing how modernism evolved within a culture of censorship *Modernism and the Theater of Censorship* suggests that modern novelists while shaped by their culture attempted to reshape it.

**Fashion Talks** Shira Tarrant, Marjorie Jolles, 2012-09-01 Essays on the politics of everyday style.

**Sex, Power and the Folly of Marriage in Women's Novels of the 1920s** Judy Cornes, 2015-10-02 The Americans experienced great social change in the decade following World War I. They were restless, often discontented, searching for the good life, the one promised to the generation who cheered on by patriotic slogans and propaganda enlisted to fight on European battlefields. While young writers such as Hemingway and Fitzgerald romanticized the lives of Americans in postwar Europe and the U.S., a number of women authors in the 1920s looked through a darker lens. The novels of Edith Wharton, Willa Cather, Margaret Wilson, Edna Ferber, Ellen Glasgow, Dorothy Scarborough and Dawn Powell set mainly in the 19th century, searched the past for the origins of postwar upheaval, especially with respect to the status of women. Today a few iconic male novelists of the 1920s are synonymous with the spirit and culture of the Jazz Age. This book focuses on their female contemporaries, largely neglected by both critics and readers who remain relevant for their exploration of timeless social and psychological themes: the battle of the sexes and its tragic consequences.

**Readings in Caribbean History and Culture** D.A. Dunkley, 2011-12-08 This collection of eleven essays is designed to highlight some important new voices who have been doing research on the general subject areas of the history and culture of the Caribbean. The essays in this volume also address a number of themes which are critical to developing an understanding of current scholarly work on the two broad subject areas. Among the themes examined are colonialism, slavery and the involvement of the Christian Church in both colonial rule and enslavement. The essays also analyze the pre-independence and post-independence periods of the

twentieth century with examinations on topics that include prostitution departmentalization education visual art and the musical form known as Reggae The purpose of this book is to stimulate discussion around these important topics based on the perspectives of a number of new scholars The book is also designed as a teaching device principally for courses focusing on Caribbean society whether in the past or the present

**Nazisplotation!** Daniel H. Magilow, Elizabeth Bridges, Kristin T. Vander Lugt, 2012-01-01 A brilliant line up of international contributors examine the implications of the portrayals of Nazis in low brow culture and that culture's re emergence today

**Male-to-Female Crossdressing in Early Modern English Literature** Simone Chess, 2016-04-14 This volume examines and theorizes the oft ignored phenomenon of male to female MTF crossdressing in early modern drama prose and poetry inviting MTF crossdressing episodes to take a fuller place alongside instances of female to male crossdressing and boy actors crossdressing which have long held the spotlight in early modern gender studies The author argues that MTF crossdressing episodes are especially rich sources for socially oriented readings of queer gender that crossdressers genders are constructed and represented in relation to romantic partners communities and broader social structures like marriage economy and sexuality Further she argues that these relational representations show that the crossdresser and his/her allies often benefit financially socially and erotically from his/her queer gender presentation a corrective to the dominant idea that queer gender has always been associated with shame containment and correction By attending to these relational and beneficial representations of MTF crossdressers in early modern literature the volume helps to make a larger space for queer gender queer male bodied and queer feminine representations in our conversations about early modern gender and sexuality

**Real Sex Films** John Tulloch, Belinda Middleweek, 2017-10-03 Real Sex Films explores one of the most controversial movements in international cinema through theories of globalization and embodiment

*Crime Scene London* Mike Hutton, 2025-04-28 Chronicles London's 1500 year history of crime from poverty driven acts to notorious figures and scandals shaping the city's dark legacy London has a history that emerges from the mist of time some 1500 years ago and is one that evolves yet never ends It has always been a breeding ground for crime as people from around the world are drawn by its numerous attractions and opportunities Each generation has produced its own colourful cast of robbers murderers and fraudsters Much of the crime was prompted by poverty and foul living conditions but the main driver has always been the desire or need for money by whatever means and the risks involved Until the eighteenth century this often involved a trip to perform the Tyburn jig in front of a baying crowd of thousands For a time Londoners staggered around in a gin induced haze Mothers often abandoned or even sold their children just for a chance to block out the horrors of a seething London The lanes and alleys around Covent Garden were lined with prostitutes many still children Famous beauties were kept by aristocrats and royalty and referred to as courtesans although in many cases the dividing line between them and their less fortunate sisters lining the streets was thin indeed The ending of the Great War saw the appearance of drugs although at this stage they were mainly confined to the rich and

influential as London entered the jazz age The second world war and the Blitz was not all about the spirit and bravery of Londoners as gangs plundered wrecked houses and even stole from corpses After the war the likes of the violent Jack Spot and Billy Hill were superseded by the Kray twins and the sadistic Richardson brothers as they fought for control of London s drinking clubs A little light relief was offered throughout the years by a succession of sexual scandals Those particularly welcome involved senior politicians A heady brew indeed covering centuries of crimes and indiscretions brought together this very readable account by author and social historian Mike Hutton      *Disability and/in Prose* Brenda Jo Brueggemann, Marian E. Lupo, 2013-09-13 Through a series of critical essays this book concerns the relationships and possibilities in and between prose and disability It covers a diverse range from the role of the disability memoir the effect of disablement on soldiers phantom limb syndrome and the suspicion of faking it that sometimes surrounds      *Pornography, Sex Work, and Hate Speech* Karen Maschke, 2024-11-01 Multidisciplinary focus Surveying many disciplines this anthology brings together an outstanding selection of scholarly articles that examine the profound impact of law on the lives of women in the United States The themes addressed include the historical political and social contexts of legal issues that have affected women s struggles to obtain equal treatment under the law The articles are drawn from journals in law political science history women s studies philosophy and education and represent some of the most interesting writing on the subject The law in theory and practice Many of the articles bring race social and economic factors into their analyses observing for example that black women poor women and single mothers are treated by the wielders of the power of the law differently than middle class white women Other topics covered include the evolution of women s legal status reproduction rights sexuality and family issues equal employment and educational opportunities domestic violence pornography and sexual exploitation hate speech and feminist legal thought A valuable research and classroom aid this series provides in depth coverage of specific legal issues and takes into account the major legal changes and policies that have had an impact on the lives of American women      **Sperm Wars** Robin Baker, 2020-10-06 This classic work on the rules of sex updated for a new generation is still as provocative as the day it was published providing simple explanations for any and all questions about what happens in the bedroom Sex isn t as complicated as we make it In *Sperm Wars* evolutionary biologist Robin Baker argues that every question about human sexuality can be explained by one simple thing sperm warfare In the interest of promoting competition between sperm to fertilize the same egg evolution has built men to conquer and monopolize women while women are built to seek the best genetic input on offer from potential sexual partners Baker reveals through a series of provocative fictional scene the far reaching implications of sperm competition 10% of children are not fathered by their fathers over 99% of a man s sperm exists simply to fight off all other men s sperm and a woman is far more likely to conceive through a casual fling than through sex with her regular partner From infidelity to homosexuality to the female orgasm *Sperm Wars* turns on every light in the bedroom Now with new material reflecting the latest research on sperm warfare this

milestone of popular science will still surprise entertain and even shock      *Sex Cultures* Amin Ghaziani, 2017-04-03 Why is it so hard to talk about sex and sexuality In this crisp and compelling book Amin Ghaziani provides a pithy introduction to the field of sexuality studies through a distinctively cultural lens Rather than focusing on sex acts which make us feel flustered and blind us to a bigger picture Ghaziani crafts a conversation about sex cultures that zooms in on the diverse contexts that give meaning to our sexual pursuits and practices Unlike sex which is a biological expression the word sexuality highlights how the materiality of the body acquires cultural meaning as it encounters other bodies institutions regulations symbols societal norms values and worldviews Think of it this way sex culture sexuality *Sex Cultures* offers an introduction to sexuality unlike any other Its case study and debate driven approach animated by examples from across the globe and across disciplines upends stubborn assumptions that pit sex against society The elegance of the arguments makes this book a pleasurable read for beginners and experts alike      *South-east Asian Archaeology ...* European Association of Southeast Asian Archaeologists. International Conference, 1997      **Shadow of Spirit** Philippa Berry, Andrew Wernick, 2006-04-27 By illuminating the striking affinity between the most innovative aspects of postmodern thought and religious mystical discourse *Shadow of Spirit* challenges the long established assumption that western thought is committed to nihilism This collection of essays by internationally recognised scholars explores the implications of the fascination with the sacred divine or infinite which characterizes much contemporary thought It shows how these concerns have surfaced in the work of Derrida Baudrillard Lyotard Kristeva Irigaray and others Examining the connection between this postmodern turn and the current search for a new discourse of ethics and politics it also stresses the contribution made by feminist thought to this unexpected intellectual direction
