Scenes Of Interruption:

Interruptions in Early Modern English Drama Michael M. Wagoner, 2022-09-22 To interrupt both on stage and off is to wrest power From the Ghost's appearance in Hamlet to Celia's frightful speech in Volpone interruptions are an overlooked linguistic and dramatic form that delineates the balance of power within a scene This book analyses interruptions as a specific form in dramatic literature arguing that these everyday occurrences when transformed into aesthetic phenomena reveal illuminating connections between characters between actor and audience and between text and reader Focusing on the works of William Shakespeare Ben Jonson and John Fletcher Michael M Wagoner examines interruptions that occur through the use of punctuation and stage directions as well as through larger forms such as conventions and dramaturgy He demonstrates how studying interruptions may indicate aspects of authorial style emphasizing a playwright's use and control of a text and how exploring relative power dynamics pushes readers and audiences to reconsider key plays and characters providing new considerations of the relationships between Othello and Iago or Macbeth and the Ghost of Banquo The Oxford Handbook of Politics and Performance Shirin M. Rai, Milija Gluhovic, Silvija Jestrovic, Michael Seward, 2021-02-19 Political scientists and political theorists have long been interested in social and political performance Theatre and performance researchers have often focused on the political dimensions of the live arts Yet the interdisciplinary nature of this labor has typically been assumed rather than rigorously explored Further it is crucial to bring the concepts of theatre and performance deployed by other disciplines such as psychology law political anthropology sociology among others into a wider as well as deeper interdisciplinary engagement Embodying and fostering that engagement is at the heart of this new handbook The Handbook brings together leading scholars in the fields of Politics and Performance to map out the evolving interdisciplinary engagement The authors drawn from a wide range of disciplines investigate the relationship between politics and performance to show that certain features of political transactions shared by performances are fundamental to both disciplines and that they also share to a large extent a common communicational base and language The volume is organized into seven thematic sections the interdisciplinary theory of politics and performance performativity and theatricality protest regulation resistance change authority identities race gender sexuality class citizenship indigeneity sites states borders markets law religion scripts accountability authority and legitimacy security ceremony sustainability body voice and gesture representation leadership participation rhetoric disruption and affect media care love empathy comedy populism memory **Under Western Eyes** Allan Simmons, John Henry Stape, Jeremy Hawthorn, 2011 Characterized by Conrad himself as his most deeply meditated novel Under Western Eyes enjoyed a warm reception on its publication in October 1911 In the century since it has rewarded readers with various pleasures Exploring the intertwined subjects of personal morality the nature of the State national character and identity and covertly digging into the tensions of his family's past the novel is the last of Conrad's sustained excursions into overtly political territory This collection of eleven essays

considers Conrad's achievement from several perspectives Opening with a provocative essay on the text's genesis it surveys intertextual relations and influences considers its ethical challenges its psychological appeal to our time and its contemporary reception and reception in Russia Addressed to the scholar of literary Modernism Under Western Eyes Centennial Essays offers a vivid snapshot of current critical technologies This well balanced collection should help the student and classroom teacher alike in pursuing further the novel's richly layered interests **Scenes of Interruption**

Scene of the Voice Michael Eng,2023-03-01 The recent turns to affect and aesthetics in the humanities and the interpretive social sciences have been productive for reflecting on the crucial role sensibility plays in the constitution of the social However these scholarly developments construct their interventions by dismissing the attention to language that was central to the linguistic and cultural turns of previous eras and by claiming that language is an obstacle to experiencing the reality of difference to which they maintain only sensibility can grant access By analyzing the figure of the voice in the work of Martin Heidegger and the continental thinkers who follow him The Scene of the Voice shows that the dismissal of language in favor of sensibility requires overlooking their common connection in the problem of mimesis As this book ultimately argues artificially separating language and sensibility results in a failure to encounter affect the relation to difference affect is said to name and the experience of thinking affect is taken to provoke Cinema of Interruptions Lalitha Gopalan,2019-07-25 A framework for understanding the distinctiveness of Indian cinema as a national cinema within a global context dominated by Hollywood is proposed by this book With its sudden explosions into song and dance sequences half time intermissions and heavy traces of censorship Indian cinema can be identified as a Cinema of Interruptions To the uninitiated viewer brought up on the seamless linear plotting of Hollywood narrative this unfamiliar tendency towards digression may appear random and superfluous yet this book argues that such devices assist in the construction of a distinct visual and narrative time space In the hands of imaginative directors the conventions of Indian cinema become opportunities for narrative play and personal expression in such films as Sholay 1975 Nayakan 1987 Parinda 1989 Hathiyar 1981 and Hey Ram 1999 Cinema of Interruptions places commercial Indian film within a global system of popular cinemas but also points out its engagement

with the dominant genre principles implemented by Western film. By focusing on the action genre work of leading contemporary directors J P Dutta, Mani Ratnam and Vidhu Vinod Chopra, brazen national style is shown to interact with international genre films to produce a hybrid form that reworks the gangster film, the western and the avenging woman genre. Central to this study is the relationship Indian cinema shares with its audience and an understanding of the pleasures it offers the cinephile. In articulating this bond, the book presents not only a fresh framework for understanding popular Indian cinema but also a contribution to film genre studies.

Revelation Gerald L. Stevens, 2014-05-08 This three part study covers the history of interpretation, theological foundations and exegesis. Copious illustrations from the author's worldwide travels enhance discussion of Rome's emperors' empire and ideology as the premier horizon for understanding John's immediate context and meaning. Distinctive contributions include Stevens's effort to re-canonize Revelation by insisting on gospel concord, methodically interpreting all of Revelation through the lens of the seven churches and showing how Revelation's imagery consistently relates more to the incarnation than the Parousia. Stevens bypasses traditional millennial options to argue that Revelation is passion; millennial the passion of Jesus predicates the passion of the church. Under Stevens's hands, Revelation becomes eminently sensible to the original audience and powerfully pertinent for today's church.

We'll Meet Again Kate McQuiston, 2013-12 Unique and often startling encounters between music and the moving image in the films of Stanley Kubrick are trademarks of his style; witness the powerful effects of Strauss's Also Sprach Zarathustra in 2001: A Space Odyssey and of Beethoven's 9th Symphony in A Clockwork Orange, each excerpt vetted by Kubrick himself. We'll Meet Again argues that for Kubrick, music is neither post-production afterthought nor background nor incidental but instead is core to films' effects and meanings. The book first identifies the building blocks in Kubrick's sonic world and illuminates the ways in which Kubrick uses them to support his characters and to define character relationships. It then delves into the effects of Kubrick's signature musical techniques, including the use of texture, form and inscription to render and reinforce psychological ideas and spectator responses. Finally, it presents case studies that show how the history of the music plays a vital and dynamic role for the films. As a whole, the book locates Kubrick as a force in music reception history by examining the relationship between his musical choices and popular culture and reveals the foundational role of music in his filmmaking.

Auditory Scene Analysis

Albert S. Bregman,1994-09-29 Auditory Scene Analysis addresses the problem of hearing complex auditory environments using a series of creative analogies to describe the process required of the human auditory system as it analyzes mixtures of sounds to recover descriptions of individual sounds In a unified and comprehensive way Bregman establishes a theoretical framework that integrates his findings with an unusually wide range of previous research in psychoacoustics speech perception music theory and composition and computer modeling Typical Battle Scenes in the Iliad Bernard Fenik,1968

Daniel Lynwood Smith,2012-08-31 Why are so many speakers interrupted in Luke and in Acts For nearly a century scholars have noted the presence of interrupted speech in the Acts of the Apostles but explanations of its function have been limited and often contradictory A more effective approach involves grounding the analysis of Luke Acts within a larger understanding of how interruption functions in a wide variety of literary settings An extensive survey of ancient Greek narratives epics histories and novels reveals the forms frequency and functions of interruption in Greek authors who lived and wrote between the eighth century B C E and the second century C E This comparative study suggests that the frequent interruptions of Jesus and his followers in Luke 4 28 Acts 4 1 7 54 57 13 48 etc are designed both to highlight the pivotal closing words of the discourses and to draw attention to the ways in which the early Christian gospel was received In the end the interrupted discourses are best understood not as historical accidents but as rhetorical exclamation points intended to highlight key elements of the early Christian message and their varied reception by Jews and Gentiles **The**
