## Scent Of Water New And Selected Poems:

**At the Scent of Water** J. Gerald Janzen, 2009-07-28 On the basis of a study of east wind in the Bible whirlwind in Job Janzen proposes that the prominence God gives to rain in Job 38 with its renewal of the parched earth and the ensuing vigor of all forms of life signals God's response to Job's thirst heals Job's bitterness and restores him to a life at the end of which he dies contented Janzen demonstrates how life crippling bitterness is transcended and hope in life's worthwhileness is restored in the face of grievous evil The resolution of the Joban question lies not in a vindication of divine justice but rather in God's renewal of Job's appetite for life Janzen underscores this interpretation with a candid epilogue on his own struggle with aggressive prostate cancer which enabled him to connect personally with Job's story and to find a fresh and illuminating grace From publisher description *The Scent of Water* Ivy Dempsey, 2001 The Scent of Water maps a pilgrimage from a child's puzzled awakening through the shock of adult despair toward the humbling wisdom of acceptance How does meaning happen in our immediate experience And what role must a basic sense of reverence play as we parse our world Throughout the poems these questions underlie the vital impact of specific landscapes of trees skies and waters in Oklahoma Kansas California and New Mexico In trees especially Dempsey finds a symbol for our belonging both to the heart of earth and body of the heavens in a mysterious universe that welcomes biblical as well as scientific interpretations Bringing the reader to both root and light The Scent of Water proposes that the way we live and die can be transformed when we understand that one energy sustains all our minds bodies each burning star *Calyx*, 2003

Whitmans expressions of his love of the natural world and his insistence on achieving a capacious imagination My poems are feminist in the way in which Virginia Woolf defined it in 1938 in her wickedly witty antiwar prowomen book *Three Guineas* Her use of the word was to suggest the egregious inequality between women and men It is a brilliant treatise on the subconscious roots of patriarchy and she observes that war is the plaything constant and the deepest desire of men Woolf had hoped the word feminist would become obsolete as equality cooperation and friendship would erase the term In a volatile dispute discussed in her book as to whether women should be ordained into the English Anglican Church its reigning body of officials brought in Professor Grensted a well known psychologist to help in resolving the dissension and division Ultimately after much thought and study Professor Grensted declared that there was no theological or intellectual reason that the women could not be ordained but they should not be ordained due to the stress and agitation it would cause among the male clergy In his conclusion he noted that the real reason the women could not be admitted was mens infantile fixation against women a fixation deeply unconscious and seemingly unchangeable and an inseparable element of patriarchy A woman was first ordained in the church in 2006 first female primate in the Anglican community Some contemporary religious traditions in America today continue with these issues Currently our nation our earth is in crisisreferring to our perpetual wars the depletion of the earth and its millions of starving peoples all over the world The poems in this book both critique our inability to accept truth and the natural world and the call to celebrate the gifts of womans livesmercy insight unequivocal generosity keen sensibilities new visions Let us hope that 2015 ushers in and implements the values of each human each species every living creature tree rock cloud sun sea as of infinite value **The Beat Generation: Authors I-Z** Lynn Marie Zott,2003
