Schiele Drawings:

Egon Schiele Jane Kallir, 2003-04-29 Austrian Expressionist Egon Schiele produced a prolific body of work before his early death at the age of twenty eight in 1918 The oeuvre is comprised of a few hundred oil paintings and thousands of drawings and watercolors Schiele's oils have often been reproduced and are well recognized However limited access to the fragile works on paper and dispersion among several collections have made for an unbalanced representation of his work as a draftsman This book assembles drawings and watercolors from public and private collections and reproduces work from every year of the artist's career beginning with the juvenilia and early academic studies The focus means that work that is rarely reproduced is represented extensively providing a unique opportunity to study the rapid artistic development of Schiele over the course of his brief twelve year career The book is organized chronologically and divided into year by year sections Each section includes a text that discusses the major events in Schiele's life and the interrelation between the artist's drawing and developments in his oil painting Features a previously unpublished Schiele watercolor and several works that have never been reproduced in color Egon Schiele Jane Kallir, Ivan Vartanian, 2003 This work is divided into year by year sections with each section including a text that discusses the major events in Schiele's life and the inter relation between artist's drawing and developments in his oil painting *Egon Schiele: Paintings and Drawings* Jessica Findley, 2014-11-21 With his signature graphic style embrace of figural distortion and bold defiance of conventional norms of beauty Egon Schiele was one of the leading figures of Austrian Expressionism He was an Austrian painter a protégé of Gustav Klimt and important figurative painter of the early 20th century The twisted body shapes and the expressive line that characterize his paintings and drawings mark the artist as one of the earliest exponent of Expressionism In Schiele's early years he was strongly influenced by Klimt and Kokoschka but soon evolved into his own characteristic style He focused on portraits of others as well as himself In his later years while he still worked often with nudes they were done in a more realist fashion Schiele made many drawings some of which were extremely erotic During his short but highly prolific career which ended with his premature death Schiele created more than three thousand works on paper and approximately 300 paintings Egon Schiele Drawings... Egon Schiele and the Human Form Egon Schiele, 1971

Egon Schiele Egon Schiele, 2005

Egon Schiele 1890-1918 was one of the greatest artists of the twentieth century. A superb draftsman and colorist, he produced images of startling emotional power. Following the lead of his mentor Gustav Klimt, Schiele created figurative works of uncanny intimacy and brought a new openness to the art of his time. Schiele's death at the age of 28 has added a mythic quality to his artistic achievements. This publication accompanies the exhibition *Egon Schiele: The Ronald S. Lauder and Serge Sabarsky Collections*, which presents paintings and drawings from the collections of the co-founders of Neue Galerie New York. Together, these collections comprise the finest gathering of works by Schiele in the United States. Essays examine the artist's reception history in America and Austria, the censorship of his art during and after his lifetime, and the lost Schiele collections. This publication also traces for the first time Schiele's enormous influence on contemporary culture.

BOOK JACKET Egon Schiele. Catalogue Raisonné Rudolf Leopold, 2022-08

One of the most lavishly illustrated collections of Egon Schiele's work ever published, presented in an updated new edition. In 1972, Austrian collector Rudolf Leopold (1925-2010) published a landmark catalog raisonné of the work of painter Egon Schiele (1890-1918). Long out of print, Leopold's book now returns in an updated new edition that will introduce the next generation of art lovers to the work of one of Gustav Klimt's most talented protégés, known for his arresting self-portraits, sexually charged figure drawings, and haunting industrial landscapes. In addition to the color prints of Schiele's paintings and drawings, this book provides insight into the artist's life through letters, sketches, and documents from his adolescence as an art student in fin de siècle Vienna to his death from flu after the close of World War I. Egon Schiele presents Schiele's paintings, watercolors, and drawings chronologically in large-format color plates, providing a comprehensive overview of the many works Schiele completed in his short life.
