Historical Teleologies in the Modern World Henning Trüper, Dipesh Chakrabarty, Sanjay Subrahmanyam, 2015-09-24
Historical Teleologies in the Modern World tracks the fragmentation and proliferation of teleological understandings of history the notion that history had to be explained as a goal directed process in Europe and beyond throughout the 19th and into the 20th century Historical teleologies have profoundly informed a variety of other disciplines including modern philosophy natural history literature humanitarian and religious philanthropism the political thought and practice of revolution emancipation imperialism colonialism and anti colonialism the conceptualization of universal humankind and the understanding of modernity in general By exploring the extension and plurality of historical teleology the essays in this volume revise the history of historicity in the modern period Historical Teleologies in the Modern World casts doubt on the idea that a single if powerful conception of time could function as the unifying principle of all modern historicity instead pursuing an investigation of the plurality of modern historicities and its underlying structures By bringing together Western and non Western histories this book provides the first extended treatment of the idea of historical teleology It will be of great value to students and scholars of modern global and intellectual history

Gefangen in Kanada Judith Kestler, 2017-02-15 Die Internierung deutscher Handelsschiffsbesatzungen ist ein kaum bekanntes Kapitel des Zweiten Weltkriegs Judith Kestler zeichnet erstmals nach was deutsche Seeleute in kanadischen Lagern erlebten Die kulturanthropologische Arbeit leistet eine differenzierte Rekonstruktion von Internierungsbedingungen und fragt nach der Entstehung retrospektiver Deutungen Dabei verschränkt sie systematisch die Perspektiven von Internierten Wachen und humanitären Helfern Auf Basis archivalischer Quellen und Interviews wird Internierung als komplexe kulturelle Praxis greifbar Die Studie bietet nicht nur Einblicke in ein faszinierendes deutsch kanadisches Thema sondern auch neue Perspektiven auf Gefangenschaft als transnationalen Möglichkeitsraum
