

The background of the book cover is a dark, textured painting of a landscape. It features a large, dark tree on the left, its branches reaching across the frame. In the center, there's a path or clearing with some small figures that could be people or animals. The overall mood is mysterious and somewhat somber.

Schneebier Gedichte:

Kerstin Hensel Astrid Köhler, Ernest Schonfield, 2025-02-24 Kerstin Hensel is one of the most prolific versatile and influential authors in contemporary Germany Her unique literary voice owes as much to her character background and biography as it does to its dialogic openness to other voices This is the first book to examine in detail Hensel s correspondences and interactions with other authors as well as with literary schools traditions and models delineating her various intertextual practices Covering all literary genres the volume provides both overviews and close readings of selected texts It finishes with a part on translation which includes English versions of a cross section of her poems Kerstin Hensel ist eine der produktivsten viel seitigsten und einflussreichsten Vertreterinnen der deutschen Gegenwartsliteratur Ihre einzigartige literarische Stimme verdankt sich nicht nur ihrem Charakter ihrer Herkunft und ihrer Biografie sondern auch ihrer spezifisch dialogischen Offenheit f r andere Stimmen Dieses Buch bietet umfassende Untersuchungen von Hensels literarischen Korrespondenzen mit anderen Autoren sowie mit literarischen Schulen Traditionen und Vorbildern und erhellt somit ihre verschiedenen intertextuellen Praktiken Der Band deckt alle literarischen Gattungen ab und enth lt sowohl berblickskapitel als auch detaillierte Analysen ausgew hler Texte Er schlie t mit einem bersetzungsteil der unter anderem englische Versionen eines Querschnitts ihrer Gedichte enth lt ***Humor, Satire, and Identity*** Jill Tward, 2012-02-14 This is the first book in English to survey the Eastern German literary trend of employing humor and satire to come to terms with experiences in the German Democratic Republic and after the fall of the Berlin Wall As sophisticated attempts to make sense of socialism s failure and a difficult unification process these contemporary texts help define Germany today from a specific Eastern German perspective Grounded in politics and history ten humorous and satirical novels are analyzed for their literary aesthetics and language cultural critiques and socio political insights The texts include popular novels such as Thomas Brussig s Helden wie wir Ingo Schulze s Simple Storys and Jens Sparschuh s Der Zimmerspringbrunnen as well as lesser known but equally relevant works like Schlehwins Giraffe by Bernd Schirmer and Katerfr hst ck by Erich Loest A broad spectrum of humor and satire theories is applied to probe texts from various angles and suggest multi layered answers to the question of how these literary modes function in postwall Germany to construct a specifically Eastern German identity Interviews the author conducted with five of the satirists are appended as primary sources and contribute to the interpretation of the texts ***Humor, Satire, and Identity*** Jill E. Tward, 2007 Explores the Eastern German literary trend of the 1990s employing humor and satire to come to terms with socialism s failure and a difficult unification process This title surveys ten novels including works by Brussig Schulze and Hensel These contemporary texts help define Germany today from a specific East German perspective ***Ecological Thought in German Literature and Culture*** Gabriele Duerbeck, Urte Stobbe, Hubert Zapf, Evi Zemanek, 2017-10-16 The volume offers a survey of the contribution of German literature and culture to the evolution of ecological thought As the field of ecocritical theory and practice is rapidly expanding towards

transnational and global dimensions it seems nevertheless necessary to consider the distinct manifestations of ecological thought in various cultures In this sense the volume demonstrates in twenty six essays from different disciplines how German literature philosophy art and science have contributed in unique ways to the emergence of ecological thought on national and transnational scale The volume maps the most important and characteristic of these developments both on a theoretical and on a textual analytical level It is structured in five parts ranging from proto ecological thought since early modern times part I to major theoretical approaches part II environmental history part III and ecocritical case studies part IV to ecological visions in different media and art forms part V The four editors have widely published and are actively involved in ecocritical literary and cultural studies The group of editors consists of two scholars of German literature and cultural studies Gabriele Duerbeck and Urte Stobbe both University of Vechta a scholar in German and comparative literature Evi Zemanek University of Freiburg as well as a scholar of Anglo American ecoliterature and ecocriticism Hubert Zapf All of them are involved in various projects and research networks on ecology and literature The contributors of the individual chapters likewise are all experts in their respective fields ranging from German literature history environmental studies art history music and art The book is a unique and readily accessible collection of essays that is of relevance not only for a German and continental European but for a worldwide audience

Religion and Identity in Germany Today Frank Finlay,2010 The contributors address a range of issues including the controversial building of a mosque in Cologne pressure experienced by German Jews to reconnect with a religion that their forebears cast off sometimes more than a century ago
