Scholarship Unbound Kerry Ann O'Meara,2015-12-22 Examining a number of academic institutions this book highlights how they have broadened their promotion policies in order to weigh faculty professional service equally with scholarship

Scholarship Reconsidered Ernest L. Boyer,Drew Moser,Todd C. Ream,John M. Braxton,2015-10-06 Shifting faculty roles in a changing landscape Ernest L Boyer s landmark book *Scholarship Reconsidered* Priorities of the Professoriate challenged the publish or perish status quo that dominated the academic landscape for generations His powerful and enduring argument for a new approach to faculty roles and rewards continues to play a significant part of the national conversation on scholarship in the academy Though steeped in tradition the role of faculty in the academic world has shifted significantly in recent decades The rise of the non tenure track class of professors is well documented If the historic rule of promotion and tenure is waning what role can scholarship play in a fragmented unbundled academy Boyer offers a still much needed approach He calls for a broadened view of scholarship audaciously refocusing its gaze from the tenure file and to a wider community This expanded edition offers in addition to the original text a critical introduction that explores the impact of Boyer s views a call to action for applying Boyer s message to the changing nature of faculty work and a discussion guide to help readers start a new conversation about how *Scholarship Reconsidered* applies today

KerryAnn O'Meara,2000 **A Profile of the Community College Professorate, 1975-2000** Charles Outcalt,2019-05-23 The nation s 275 000 community college instructors teach over 5 500 000 students or over one third of all college students in the US However community colleges and their instructors have received little attention in either the academic or popular press This book presents the results of an unprecedented national study of the community college professoriate It offers insights into a wide variety of their attitudes and practices and includes chapters on such crucial topics as instruction satisfaction professional involvement and the use of reference groups In addition it provides a unique longitudinal perspective on community college faculty by updating a major study of the professoriate conducted in the 1970s The book debunks some popular myths regarding community college faculty such as notions that collaborative teaching and in class technology have become more prevalent In addition it offers a portrait of the professoriate as increasingly diverse as well as increasingly fragmented The book concludes with practical recommendations for administrators and faculty interested in improving the quality of faculty lives and faculty practice at their institutions

Power and Politics in University

Governance Imanol Ordorika,2024-11-01 Drawing from a case study of the Universidad Nacional Autonoma de Mexico this work analyses the connection between political processes and change in higher education The author explains that while there are increasing demands these have not produced rapid responses from the university and tries to understand why this lack of response has generated internal and external tensions and conflictive dynamics

Professing to Learn Anna

Neumann,2009-06 Research teaching service and public outreach all are aspects of being a tenured professor But this list of

responsibilities is missing a central component actual scholarly learning disciplinary knowledge that faculty teach explore in research and share with the academic community How do professors pursue such learning when they must give their attention as well to administrative and other obligations **Professing to Learn** explores university professors scholarly growth and learning in the years immediately following the award of tenure a crucial period that has a lasting impact on the academic career Some launch from this point to multiple accomplishments and accolades while others falter their academic pursuits stalled What contributes to these different outcomes Drawing on interviews with seventy eight professors in diverse disciplines and fields at five major American research universities Anna Neumann describes how tenured faculty shape and disseminate their own disciplinary knowledge while attending committee meetings grading exams holding office hours administering programs and departments and negotiating with colleagues By exploring the intellectual activities pursued by these faculty and their ongoing efforts to develop and define their academic interests **Professing to Learn** directs the attention of higher education professionals and policy makers to the core aim of higher education the creation of academic knowledge through research teaching and service

Barely There, Powerfully Present Nancy L. Rutherford, 2014-01-21 Internationalizing higher education requires significant institutional and academic change This book addresses how the U S federal government affected the development institutionalization and diffusion of this change process across the higher education system from 1958 to 1988

Resilient Spirits Latty Lee Goodwin, 2016-04-29 This study explores the identity construction of socioeconomically and educationally disadvantaged students who enter an elite university This critical ethnography gathered qualitative data about the twenty three participants through non participant observation in depth interviews and focus groups Faculty staff and administrators were also interviewed

Call to Purpose Matthew Hartley, 2014-07-10 A decade ago the majority of liberal arts colleges suffering from a decline in resources drifted from their traditional missions This study looks at three institutions and suggests that a clear mission is more than a common goal

Transnational Identities and Practices in Canada Vic Satzewich, Lloyd Wong, 2011-11-01 With contributions from some of Canada's leading historians political scientists geographers anthropologists and sociologists this collection examines the transnational practices and identities of immigrant and ethnic communities in Canada It looks at why members of these groups maintain ties with their homelands whether real or imagined and how those connections shape individual identities and community organizations How does transnationalism establish or transform geographical social and ideological borders Do homeland ties affect what it means to be Canadian Do they reflect Canada's commitment to multiculturalism Through analysis of the complex forces driving transnationalism this comprehensive study focuses attention on an important and arguably growing dimension of Canadian social life This is the first collection in Canada to provide a comprehensive and interdisciplinary examination of transnationalism It will appeal to scholars and students interested in issues of immigration multiculturalism ethnicity and settlement

The Call For Diversity David J. Siegel, 2018-10-24 This book explores the

organizational responses of professional schools and colleges to pressures demands requirements expectations and incentives related to diversity The macro organizational perspective supplies much needed balance and complexity to traditional depictions of post secondary institutions as largely self motivated in their diversity efforts *The Essential College Professor* Jeffrey L. Buller,2009-12-21 The Essential College Professor is about the how and why of being a faculty member today Based on the author s series of highly successful faculty development workshops each chapter deals concisely with the most important information college professors need at their fingertips when confronted by a particular challenge or faced with an exciting opportunity Written both as a comprehensive guide to an academic career and as a ready reference to be consulted whenever needed The Essential College Professor emphasizes proven solutions over untested theories and stresses what faculty members have to know now in order to be successful in their careers Each chapter is concluded by a short exercise that faculty members can perform to help them for instance completely revise a course by restructuring the syllabus and course materials bring new life to a research project by reframing it as a book proposal or grant application and so on **Succeeding Outside the Academy** Joseph Fruscione,Kelly J. Baker,2018-10-17 Not every PhD becomes a professor Some never want to but others discover too late and ill prepared to look elsewhere that there s precious little room in today s ivory tower and what s there might not be a good fit For those leaving academia or wanting out or finding themselves adrift this book offers hope advice and a bracing look at how others facing the same quandary have made careers outside of the academy work All of the authors in this volume as well as the editors have built successful careers beyond the groves of academia as freelance editors and writers consultants and lecturers librarians realtors and entrepreneurs and each has a compelling story to tell Their accounts afford readers a firsthand view of what it takes to transition from professor to professional They also give plenty of practical advice along with hard won insights into what making a move beyond the academy might entail emotionally intellectually and not least financially Imparting what they wish they d known during their PhDs these writers aim to spare those who follow in their uncertain footsteps Together their essays point the way out of the tenure track or bust mindset and toward a world of different but no less rewarding possibilities [From Here to University](#) Alexander Jun,2001 First Published in 2002 Routledge is an imprint of Taylor Francis an informa company **The Rise and Fall of Fu Ren University, Beijing** John S. Chen,2003-12-16 This new book tells the story of the rise and fall of Fu Ren University 1925 1952 and provides an analysis of a key Catholic higher education institution in China **Practical Applications of Experiential and Community-Engaged Learning Methods in Business** Mehtap Aldogan Eklund,Kenneth W. Graham,2025-04-09 This enlightening book explores the links between high impact educational practices HIPs and experiential learning EL pedagogy detailing how educators have adopted these practices to create a more experiential participatory and active learning environment **Success After Tenure** Vicki L. Baker,Laura Gail Lunsford,Gretchen Neisler,Meghan J. Pifer,Aimee LaPointe Terosky,2023-07-03 This book brings together leading

practitioners and scholars engaged in professional development programming for and research on mid career faculty members The chapters focus on key areas of career development and advancement that can enhance both individual growth and institutional change to better support mid career faculties The mid career stage is the longest segment of the faculty career and it contains the largest cohort of faculty Also mid career faculty are tasked with being the next generation of faculty leaders and mentors on their respective campuses with little to no supports to do so effectively at a time when higher education continues to face unprecedented challenges while managing continued goal of diversifying both the student and faculty bodies The stories examples data and resources shared in this book will provide inspiration and reality checks to the administrators faculty developers and department chairs charged with better supporting their faculties as they engage in academic work Current and prospective faculty members will learn about trends in mid career faculty development resources see examples of how to create such supports when they are lacking on their campuses and gain insights on how to strategically advance their own careers based on the realities of the professoriate The book features a variety of institution types community colleges regional comprehensive institutions liberal arts colleges public research universities ivy league institutions international institutions and those with targeted missions such as HSI MSI and Jesuit Topics include faculty development for formal and informal leadership roles strategies to support professional growth renewal time and people management teaching and learning as a form of scholarship the role of learning communities and networks as a source of support and professional revitalization global engagement to support scholarship and teaching strategies to recruit retain and promote underrepresented faculty populations the policy practice connection and gender differences related to key mid career outcomes While the authors acknowledge that the challenges facing the mid career stage are numerous and varying they offer a counter narrative by looking at ways that faculty and or institutions can assert themselves to find opportunities within challenging contexts They suggest that these challenges highlight priority mentoring areas and support the creation of new and innovative faculty development supports at institutional departmental and individual levels

Strategic

Shakespeare Ariane M. Balizet, Natalie K. Eschenbaum, Marcela Kostihová, 2025-05-30 Strategic Shakespeare demonstrates the value of humanities trained scholars as leaders in higher education It features contributions from Renaissance and Shakespearean scholars in leadership roles in North American higher education who collectively aim to leverage traditional assumptions about Shakespeare in the service of a more inclusive and sustainable academy Making a powerful case for the liberal arts the contributors demonstrate ways in which training in the humanities creates a baseline of skills in collaboration deep listening tolerance for ambiguity and a range of positionalities They also illustrate an astute understanding of disparate data sets persuasive storytelling and a commitment to liberal arts education As this innovative collection showcases these skills are crucial in the current climate as higher education struggles with declining enrolments decreasing budgets growing public distrust and often hostile legislative oversight Additionally the skills help us navigate a rapidly shifting landscape of

learning in the aftermath of the COVID 19 pandemic and entry of generative artificial intelligence AI to the public sphere The collection presents theoretical arguments case studies personal narratives and practical advice related to how humanities trained scholars have led and must continue to lead the academy through transformative change Strategic Shakespeare is an essential tool for anyone interested in learning from university leaders who have made good things happen on their campuses in their communities and in the profession It celebrates and foregrounds the core adaptive skills that humanities scholars bring to the table showcasing their unique predisposition for successful academic leadership during a time of unprecedented change

The Future of the Post-Massified University at the Crossroads Jung Cheol Shin, Ulrich Teichler, 2013-11-22 The modern university started as an innovative model a research driven teaching and service model in the 19th century but the contemporary university is in a crisis of identity The major challenge is how to harmonize different missions e g teaching research and service The triple function has become questionable and research now dominates the other two functions in contemporary higher education This book takes a step towards further academic and policy discussions on the restructuring the triple functions of university and designing the future of the post massified university

The Quest for Meaning and Wholeness: Spiritual and Religious Connections in the Lives of College Faculty Jennifer A. Lindholm, 2013-12-24 An insightful scholarly resource for dialogue about the symbiotic relationship between the life of the mind and the life of the heart of faculty and what faculty can do to provide students an education that focuses on meaning and purpose Larry A Braskamp professor emeritus Loyola University Chicago Among the strengths of this book are Lindholm s solid research design and data analysis deft integration of quantitative and qualitative data in presentation of findings and interpretation and clear writing Dr Lindholm makes an important contribution both to higher education literature on faculty and to religious studies literature on this dimension of religion and spirituality in colleges and universities Michael D Waggoner professor University of Northern Iowa editor Religion coauthor of Rethinking Faculty Work Higher Education s Strategic Imperative At last a book for faculty about faculty on an important but long neglected topic Jennifer Lindholm provides a cogent readable analysis of how faculty view spirituality and religion not only in their own lives but also their role in higher education Peter C Hill Rosemead School of Psychology Biola University
