Scholarship Of Practice:

Toward a Scholarship of Practice John M. Braxton, 2017-06-23 Ensure that your institutional policy and practice are guided by empirical research and scholarship rather than by mere common sense trial and error or a shoot from the hip basis for institutional action The two primary goals of a scholarship of practice are 1 improving administrative practice in higher education and 2 developing a knowledge base to guide such practice To attain these goals campuses must use the findings of empirical research as the basis for developing institutional policy and practice The result Improved administrative practice in higher education both at a campus level and for higher education as a social institution This is the 178th volume of the Jossey Bass quarterly report series New Directions for Higher Education Addressed to presidents vice presidents deans and other higher education decision makers on all kinds of campuses it provides timely information and authoritative advice about major issues and administrative problems confronting every institution *The Scholarship of Practice* Patricia Crist, Gary Kielhofner, 2013-05-13 Integrate the freshest research with clinical practice Occupational therapy OT practitioners often lack the fundamental skills to conduct or effectively use research illustrating a disturbing gap between the advancement of theoretical concepts and the extent to which concepts are actually applied The Scholarship of Practice Academic Practice Collaborations for Promoting Occupational Therapy closes this gap by presenting a conceptual framework that integrates theory and research with clinical practice Leaders in the field provide insightful thought provoking ideas and strategies to promote research and facilitate effective new concepts and theories to hands on practitioners The Scholarship of Practice is a model that blends education with practice dynamically applying theoretical principles of occupational therapy learned in the classroom to their actual clinical practice This framework is a planned focused practice relevant way to educate students build a tradition of independent scholarship consult with community based organizations and contribute to best occupational therapy practice Case studies show how partnerships and collaborative efforts can foster and apply important advances and rehabilitative strategies within communities Examples of faculty practitioner partnering at Duquesne University and the approach to scholarship at the University of Illinois are clearly discussed This cutting edge compilation of ideas and research is extensively referenced and filled with useful diagrams and tables The Scholarship of Practice Academic Practice Collaborations for Promoting Occupational Therapy discusses evidence based scholarship participatory action research single case study designs approaches that provide scientific evidence supporting OT services how theory models or frames of reference are modified as a result of practice demands or expectations best practices in education continuum of care services the New Doors Model that provides occupation based services while providing new opportunities for occupational therapists the Practice Scholar Program at Duquesne University the Concerns Report Method research on the outcomes of practice that support improved services creative fieldwork education that engages students in the scholarship of practice and more The Scholarship of Practice Academic Practice Collaborations for Promoting Occupational Therapy makes important enlightening
