*Foundations of School Counseling* Cher N. Edwards, Mary Amanda Graham, 2022-10-31 Interweaves the perspectives of school counseling educators with those of practitioners in the trenches. This foundational text for school counselors in training is the only book to have chapters coauthored by counselor educators and practicing school counselors. It delivers easily accessible information based on a scholarly foundation of best practice recommendations from the field and research-based data-driven content including school counseling interventions, issues for professional practice, and a toolkit of helpful resources. The book is distinguished by its in-depth examination of the day-to-day role of the school counselor in elementary, middle, and high school settings, often a different reality than the recommended practice by the ASCA National Model, along with a commitment to cultural competency and social justice throughout. Providing a platform for the contributions of historically underrepresented voices, the text links theory and practice to provide readers with tangible and concrete strategies to implement. It covers the nuts and bolts of school counseling interventions, including individual, group, classroom guidance, and crisis intervention. Each chapter begins with a K-12 student testimony to highlight the impact of school counseling interventions and to promote a better understanding of student needs. This strengths-based text also examines a variety of contemporary topics that strongly affect students, including an entire chapter on LGBTQIA issues and coverage of Anti-Racism policies and Virtual Counseling. Additional features include Voices from the Field and Practical Applications that demonstrate real scenarios in practice. Instructor's will also have access to the Instructor's Manual, Test Bank, and chapter-based PowerPoint presentations. Key Features: Merges the perspectives of counselor educators with the frontline experiences of practicing school counselors. Examines in depth the day-to-day responsibilities of the school counselor. Grounded in a scholarly foundation of research-based best practice recommendations. Delivers student testimony about how school counseling has affected them. Includes illustrative case studies and challenging discussion questions. Details school counseling interventions and other practical applications. Embraces a commitment to cultural competency and social justice throughout.
