You want your children to benefit from a great education. But every student is unique. One type of school might be a great fit for your neighbor's child, but it might not work for your son or daughter. Across the country, many parents today have more choices for their children's education than ever before. If you are starting the process of finding your child's first school or if you want to choose a new learning environment, The School Choice Roadmap is for you. This first of its kind book offers a practical, jargon-free overview of school choice policies, from public school open enrollment to private school scholarships and more. It breaks down the similarities and differences between traditional public schools, public charter schools, public magnet schools, online public schools, private schools, and homeschooling. Most importantly, The School Choice Roadmap offers a seven-step process that will help you harness the power of your own intuition and your own expertise about your child's uniqueness to help you find a school that reflects your family's goals, values, and priorities. Filled with sage advice from dozens of other parents who have pursued the school search process and interviews with school leaders and teachers, The School Choice Roadmap is an optimistic, empowering book that cuts through the confusion in K-12 education so that you can give your children every opportunity to succeed in school and in life.
