44 Days Backpacking in China: The Middle Kingdom in the 21st Century, with the United States, Europe and the Fate of the World in Its Looking Glass Jeff J. Brown,2022-09-04 Praise for 44 Days What if Alexis de Tocqueville were fluent in Mandarin and traveling through China by backpack and bullet train He would record every

encounter and analyze China's national character with remarkable lucidity. He would produce a book full of telling insights that functioned like a five-dimensional chess game. It would be a guide book, travel companion, memoir, political history, and plain old pleasure for someone who likes their prose with pith in it. Oklahoma's latter-day Tocqueville, Jeff J. Brown, is one hell of a good story teller, and traveling with him deep into China is an adventure not to be missed. Thomas Bass, Author of *The Spy Who Loved Us*, *Vietnam: America Camping with the Prince*, *Reinventing the Future*, and *The Eudaemonic Pie*, 44 Days is a delightful romp through a changing China, and Jeff Brown is an excellent guide. John Pomfret, author of *Chinese Lessons*, *Five Classmates*, and *the Story of the New China*, 44 Days is a fascinating exploration of the people of China and the land in which they live. Brown is very knowledgeable of China's government and the country's millennia-old history. He obviously enjoys not just his travels but the people he meets. While he journeys, we journey with him. Jeff Brown is an intelligent, articulate, and entertaining writer, and 44 Days is absolutely enthralling. I highly recommend it. Mick Winter, author of *Cuba for the Misinformed*, *Facts from the Forbidden Island*. Much more than just a travelogue, 44 Days is an intimate dialogue with China's peoples, their histories, regions, economies, cultures, work, foods, and future. Unabashedly iconoclastic and a contrarian's delight, Jeff brings down many a golden calf as he writes as few travelers do, putting China's relations and rapid arc of development in perspective with the United States and Europe, making 44 Days a fascinating and unique approach to today's critically important world affairs. Traveling over 12,000 km by train and bus, walking hundreds more while climbing a few of those in vertical ascent, join Jeff as he reports from the ground up on the greatest socioeconomic transformation ever seen. 21st-century China, our planet's soon-to-be greatest superpower. How will Baba Beijing, China's central government, behave while honoring its 2,200-year-old Heavenly Mandate for 20% of the human race? After 500 years of being masters of the world, what will the great historical Industrial Age powers do in response: adapt or lash out? All of our standards of living and lifestyles, even our species' survival, depend on these soon-to-be events. Funny, enlightening, with an eye for the right details, 44 Days provides unique perspectives to these new-century issues. It will keep you amused and thinking as Jeff takes you traveling in across and over five wild and woolly Western China provinces, face to face with the local people. Includes 125 photos, maps, and charts. Read less.

Mao Zedong, Zhou Enlai and the Evolution of the Chinese Communist Leadership, Thomas Kampen, 2000. Analyses the power struggles within the leadership of the Chinese Communist Party between 1931, when several Party leaders left Shanghai and entered the Jiangxi Soviet, and 1945, by which time Mao Zedong, Liu Shaoqi, and Zhou Enlai had emerged as senior CCP leaders. In 1949, they established the People's Republic of China and ruled it for several decades. Based on new Chinese sources, this study challenges long-established views that Mao Zedong became CCP leader during the Long March, 1934-35, and that by 1935 the CCP was independent of the Comintern in Moscow. The result is a critique not only of official Chinese historiography but also of Western, especially US, scholarship that all future histories of the rise of the CCP and power struggles within the PRC will need to take into account.

The Battle For China's Past Mobo Gao,2008-02-20 Shows that the Mao era was beneficial for most Chinese citizens A powerful mixture of political passion and original research a brave polemic against the fashionable view on China Aims a knockout blow at Jung Chang s recent book on Mao which Bush and the conservatives rave reviewed Gregor Benton Professor of Chinese History University of Cardiff This important book opens a much needed window onto Chinese perceptions of the country s post Mao direction Highlights the renewal of popular support for socialism and the growing opposition to contemporary state policies Martin Hart Landsberg Professor of Economics Lewis Clark College Portland Oregon Mao and his policies have long been demonised in the West with the Cultural Revolution considered a fundamental violation of human rights As China embraces capitalism the Mao era is being surgically denigrated by the Chinese political and intellectual elite This book tackles the extremely negative depiction of China under Mao in recent publications and argues most people in China including the rural poor and the urban working class actually benefited from Mao s policy of a comprehensive welfare system for the urban and basic health and education provision for the rural which is being reversed in the current rush towards capitalism By a critical analysis of the mainstream account of the Mao era and the Cultural Revolution and by revealing what is offered in the unofficial e media debates this book sets the record straight making a convincing argument for the positive effects of Mao s policies on the well being of the Chinese people
