Backpack Ambassadors Richard Ivan Jobs, 2017-05-23 Even today in an era of cheap travel and constant connection the image of young people backpacking across Europe remains seductively romantic In

Backpack Ambassadors Richard Ivan Jobs tells the story of backpacking in Europe in its heyday the decades after World War II revealing that these footloose young people were doing more than just exploring for themselves Rather with each step each border crossing each friendship they were quietly helping knit the continent together From the Berlin Wall to the beaches of Spain the Spanish Steps in Rome to the Pudding Shop in Istanbul Jobs tells the stories of backpackers whose personal desire for freedom of movement brought the people and places of Europe into ever closer contact As greater and greater numbers of young people trekked around the continent and a truly international youth culture began to emerge the result was a Europe that even in the midst of Cold War tensions found its people more and more connected their lives more and more integrated Drawing on archival work in eight countries and five languages and featuring trenchant commentary on the relevance of this period for contemporary concerns about borders and migration Backpack Ambassadors brilliantly recreates a movement that was far more influential and important than its footsore travelers could ever have realized **Living with**

a Wild God Barbara Ehrenreich, 2014-04-08 From the New York Times bestselling author of Nickel and Dimed comes a brave frank and exquisitely written memoir that will change the way you see the world Barbara Ehrenreich is one of the most important thinkers of our time Educated as a scientist she is an author journalist activist and advocate for social justice In Living With a Wild God she recounts her quest beginning in childhood to find the Truth about the universe and everything else What's really going on Why are we here In middle age she rediscovered the journal she had kept during her tumultuous adolescence which records an event so strange so cataclysmic that she had never in all the intervening years written or spoken about it to anyone It was the kind of event that people call a mystical experience and to a steadfast atheist and rationalist nothing less than shattering In Living With a Wild God Ehrenreich reconstructs her childhood mission bringing an older woman's wry and erudite perspective to a young girl's impassioned obsession with the questions that at one point or another torment us all The result is both deeply personal and cosmically sweeping a searing memoir and a profound reflection on science religion and the human condition With her signature combination of intellectual rigor and uninhibited imagination Ehrenreich offers a true literary achievement a work that has the power not only to entertain but amaze **The**

Hearts of Men Barbara Ehrenreich, 2011-02-09 From the bestselling author of Nickel and Dimed an explanation of recent sexual culture and the loosening of marriage bonds in recent history Finally someone is offering a new utterly plausible explanation of loosening marriage bonds According to Barbara Ehrenreich it is men who started walking off in search of freedom from their stifling role of breadwinner success machine The shock and exhilaration of this book comes from the recognition that here is a woman who has dared to look beyond the everyday assumptions about love and commitment to examine which bonds between men and women can endure and which may last forever Vogue **Fear of Falling** Barbara Ehrenreich, 2020-01-07 A brilliant and insightful exploration of the rise and fall of the American middle class by New York Times bestselling author Barbara Ehrenreich One of Barbara Ehrenreich's most classic and prophetic works Fear of Falling

closely examines the insecurities of the American middle class in an attempt to explain its turn to the right during the last two decades of the 20th century Weaving finely tuned expert analysis with her trademark voice Ehrenreich traces the myths about the middle class to their roots determines what led to the shrinking of what was once a healthy percentage of the population and how in its ambition and anxiety that population has retreated from responsible leadership Newly reissued and timely as ever *Fear of Falling* places the middle class of yesterday under the microscope and reveals exactly how we arrived at the middle class of today

Long March, Short Spring Barbara Ehrenreich, John Ehrenreich, 1969 *The Third World in the Global 1960s* Samantha Christiansen, Zachary A. Scarlett, 2013 Decades after the massive student protest movements that consumed much of the world the 1960s remain a significant subject of scholarly inquiry While important work has been done regarding radical activism in the United States and Western Europe events in what is today known as the Global South Asia Africa and Latin America have yet to receive the attention they deserve This volume inserts the Third World into the study of the 1960s by examining the local and international articulations of youth protest in various geographical social and cultural arenas Rejecting the notion that the Third World existed on the periphery it situates the events of the 1960s in a more inclusive context building a richer more nuanced understanding of the era that better reflects the dynamism of the period

Paris and the Spirit of 1919 Tyler Stovall, 2012-03-22 This transnational history of Paris in 1919 explores the global implications of the revolutionary crisis of French society at the end of World War I As the site of the peace conference Paris was a victorious capital and a city at the center of the world and Tyler Stovall explores these intersections of globalization and local revolution The book takes as its central point the eruption of political activism in 1919 using the events of that year to illustrate broader tensions in working class race and gender politics in Parisian French and ultimately global society which fueled debates about colonial subjects and the empire Viewing consumerism and consumer politics as key both to the revolutionary crisis and to new ideas about working class identity and arguing against the idea that consumerism depoliticized working people this history of local labor movements is a study in the making of the modern world
