**Compact Cinematics** Pepita Hesselberth, Maria Poulaki, 2017-01-26 Compact Cinematics challenges the dominant understanding of cinema to focus on the various compact short miniature pocket sized forms of cinematics that have existed from even before its standardization in theatrical form and in recent years have multiplied and proliferated taking up an increasingly important part of our everyday multimedia environment Short films or micro narratives cinematic pieces or units re assembled into image archives and looping themes challenge the concepts that have traditionally been used to understand cinematic experience like linear causality sequentiality and closure and call attention to complex and modular forms of cinematic expression and perception Such forms in turn seem to meet the requirements of digital convergence which has pushed the development of more compact and mobile hardware for the display and use of audiovisual content on laptops smartphones and tablets Meanwhile contemporary economies of digital content acquisition filing and sharing equally require the shrinking of cinematic content for it to be recorded played projected distributed and installed with ease and speed In this process cinematic experience is shortened and condensed as well so as to fit the late capitalist attention economy The essays in this volume ask what this changed technical socio economic and political situation entails for the aesthetics and experience of contemporary cinematics and call attention to different concepts theories and tools at our disposal to analyze these changes

Speak Not James

Griffiths,2021-10-21 A New Yorker Best Book of 2022 A Globe Mail Book of the Year A stimulating work on the politics of language LA Review of Books As globalisation continues languages are disappearing faster than ever leaving our planet s linguistic diversity leaping towards extinction The science of how languages are acquired is becoming more advanced and the internet is bringing us new ways of teaching the next generation however it is increasingly challenging for minority languages to survive in the face of a handful of hegemonic super tongues In **Speak Not** James Griffiths reports from the frontlines of the battle to preserve minority languages from his native Wales Hawaii and indigenous American nations to southern China and Hong Kong He explores the revival of the Welsh language as a blueprint for how to ensure new generations are not robbed of their linguistic heritage outlines how loss of indigenous languages is the direct result of colonialism and globalisation and examines how technology is both hindering and aiding the fight to prevent linguistic extinction Introducing readers to compelling characters and examining how indigenous communities are fighting for their languages Griffiths ultimately explores how languages hang on what happens when they don t and how indigenous tongues can be preserved and brought back from the brink

**Contract** Simon Spurrier,2011-07-21 Life becomes complicated when the dead won t stay dead in this stunning debut by Simon Spurrier Michael Point doesn t seem anything special He dresses conservatively is thoughtful methodical and well spoken He also happens to kill people for a living It s not about getting back at the world for Michael it s much simpler than that It s All About The Money But things are starting to get strange his hits are coming back to life and trying to kill him Is he losing his mind Or is could it be that the things he sees aren t delusions at all but hints of a divine conflict a heavenly war sucking him in
