Long Term Care Case Management:

Long-term-care Case Management United States. General Accounting Office,1993 Long-term Care Case Management Robert Applebaum,Carol D. Austin,1990 A broadly based synthesis of information regarding case management program design and evaluation in three parts designing case management evaluating and assuring the quality of case managed care and past experiences and future challenges Annotation copyrighted by Book News Inc Portland OR **Case Management Agency Systems of Administering Long-term Care** Peter Kemper,1990 *Long-Term-Care Case Management* U. S. Government Accountability Office (,2013-06 Pursuant to a congressional request GAO reviewed six states long term care case management efforts focusing on 1 what constitutes case management 2 case managers roles and performance barriers and 3 standards for case managers GAO found that 1 states use various organizational structures agencies and operational approaches to provide case management to the elderly 2 in all six states case managers perform five core case management functions including comprehensively assessing client needs developing care plans based on needs arranging services monitoring client status through regularly scheduled contacts and periodically reassessing client needs and care plans 3 case managers may perform additional functions that are specific to their agency 4 the case management process should focus on the client s medical and social needs client involvement in service planning efficient service coordination knowledge of service providers and the quality of their care and continued training to maintain and improve case managers skills 5 large caseloads do not allow for accurate monitoring of clients and on going training for case managers 6 barriers to effective case management include a lack of financial resources scarcity of services and excessive administrative requirements 7 specific standards for case management functions caseloads and case manager qualifications vary from state to state and 8 two national organizations have established general standards for long term care case management activities **Long-term Care in Health Care Reform** United States. Congress. Senate. Committee on Labor and Human Resources. Subcommittee on Aging,1994 *Nursing Case Management* Elaine Cohen,Toni G. Cesta,2004-08-26 This classic resource offers complete coverage of nursing case management from theoretical background and historical perspective to practical applications and how the field is changing to meet the challenges of today s health care environment It focuses on the implementation of various case management models used throughout the United States and abroad Key topics include the impact of public policy on health care understanding the effects of health care reimbursement and its application at the patient level throughput and capacity management the impact of the revenue cycle compliance and regulatory issues and principles needed to improve case manager client interaction This helpful resource is designed to help nurse case managers assess their organization s readiness for case management prepare and implement a plan to achieve necessary improvements and evaluate the plan s success Includes numerous proven case management models currently being used in institutions across the country Organized to take the nursing case manager on a journey from the historical

development of nursing case management to the successful implementation of a case management program Offers detailed guidance for planning implementing and evaluating a case management program Outlines the planning process with information on key topics such as analysis of the organization the role of the organization s members selection criteria for new case managers case management education credentialing and partnerships Features guidelines for implementing a case management program with information on ethical issues technology compliance and regulatory issues Addresses the evaluation component of developing and implementing a case management program by presenting information on outcomes research documentation continuous quality improvement measuring cost effectiveness care continuum and evidence based practice Presents acute care and community based models of case management Highlights the evolution of collaborative models of case management addressing key elements of joint decision making shared accountability and interdisciplinary systems of care Addresses health care delivery through case management and public policy by presenting current legislative issues and their affect on both health care reimbursement and the application of care at the patient level Presents the insights experiences and advice of nursing administrators who have researched and successfully implemented nursing case management programs in various facilities
