**The Oxford Handbook of Contemporary British and Irish Poetry** Peter Robinson, 2013-09-26 The Oxford Handbook of Contemporary British and Irish Poetry offers thirty eight chapters of ground breaking research that form a collaborative guide to the many groupings and movements the locations and styles as well as concerns aesthetic political cultural and ethical that have helped shape contemporary poetry in Britain and Ireland The book s introduction offers an anthropological participant observer approach to its variously conflicted subjects while exploring the limits and openness of the contemporary as a shifting and never wholly knowable category The five ensuing sections explore a history of the period s poetic movements its engagement with form technique and the other arts its association with particular locations and places its connection with and difference from poetry in other parts of the world and its circling around such ethical issues as

whether poetry can perform actions in the world can atone redress or repair and how its significance is inseparable from acts of evaluation in both poets and readers Though the book is not structured to feature chapters on authors thought to be canonical on the principle that contemporary writers are by definition not yet canonical the volume contains commentary on many prominent poets as well as finding space for its contributors enthusiasms for numerous less familiar figures It has been organized to be read from cover to cover as an ever deepening exploration of a complex field to be read in one or more of its five thematically structured sections or indeed to be read by picking out single chapters or discussions of poets that particularly interest its individual readers Lyric and Liberalism in the Age of American Empire Hugh Foley, 2022-08-15

What is the difference between the I of a poem the lyric subject and the liberal subject of rights Lyric and Liberalism in the Age of American Empire uses this question to re-examine the work of five major American poets changing our understanding of their writing and the field of post-war American poetry Through extended readings of the work of Elizabeth Bishop Robert Lowell Amiri Baraka John Ashbery and Jorie Graham Hugh Foley shows how poets have imagined liberalism as a problem for poetry Foley's book offers a new approach to ongoing debates about the nature of lyric by demonstrating the entanglement of ideas about the lyric poem with the development of twentieth-century liberal discussions of individuality Arguing that the nature of American empire in this period underpinned by the discourse of individual rights forced poets to reckon with this entanglement it demonstrates how this reckoning helped to shape poetry in the post-war period By tracing the ways a lyric poem performs personhood and the ways that this person can be distinguished from the individual envisioned by post-war liberalism Foley shows how each poet stages a critique of liberalism from inside the standpoint of lyric This book demonstrates the capacities of poetry for rethinking its own relation to history and politics providing a new perspective on a vital era of American poetry **The Poetry of Louise Glück** Daniel Morris, 2006-12-01

A dominant figure in American poetry for more than thirty-five years Louise Glück has been the recipient of virtually every major poetry award She won the Nobel Prize in Literature in 2020 and was named U.S. poet laureate for 2003-2004 In a full-length study of her work Daniel Morris explores how this prolific poet utilizes masks of characters from history the Bible and even fairy tales Morris treats Glück's persistent themes desire hunger trauma survival through close reading of her major book-length sequences from the 1990s *Ararat* *Meadowlands* and *The Wild Iris* An additional chapter devoted to *The House on Marshland* 1975 shows how its revision of Romanticism and nature poetry anticipated these later works Seeing Glück's poems as complex analyses of the authorial self via sustained central metaphors Morris reads her poetry against a narrative pattern that shifts from the tones of anger despair and resentment found in her early *Firstborn* to the resignation of *Ararat* and proceeds in her latest volumes including *Vita Nova* and *Averno* toward an ambivalent embrace of embodied life By showing how Glück's poems may be read as a form of commentary on the meanings of great literature and myth Morris emphasizes her irreverent attitude toward the canons through which she both expresses herself and deflects her autobiographical impulse By discussing her sense of self of

Judaism and of the poetic tradition he explores her position as a mystic poet with an ambivalent relationship to religious discourse verging on Gnosticism with tendencies toward the ancient rabbinic midrash tradition of reading scripture He particularly shows how her creative reading of past poets expresses her vision of Judaism as a way of thinking about canonical texts The Poetry of Louise Glück is a quintessential study of how poems may be read as a form of commentary on the meanings of great literature and myth It clearly demonstrates that through this lens of commentary one can grasp more firmly the very idea of poetry itself that Glück has spent her career both defining and extending

**Flat Aesthetics** Christian Moraru, 2022-12-15 Flat Aesthetics seeks to secure a more granular and ontologically demotic handle on the contemporary in American literature While contemporaneity can be viewed as our period Christian Moraru approaches the contemporary as some thing made by things themselves The making of the contemporary is variously restaged by the body of fictional prose under scrutiny here Thus this corpus itself participates in the making of contemporaneity In dialogue with object oriented ontology and various new materialisms Moraru contends that the contemporary does not preexist objects or the novels featuring them it is not their background but an outcome of things self presentation As objects beings or existents present themselves in the present in our now they foster thing configurations that together compose the form of and essentially make the contemporary the present's cultural material signature as Moraru calls it To decipher this signature Flat Aesthetics provides a cross sectional reading of postmillennial American fiction Discussed are solely post 2000 works by writers who have also established themselves over the past two decades or so from Nicole Krauss Michael Chabon and Ben Lerner to Colson Whitehead and Emily St John Mandel Their output Moraru claims bears witness to the onset of a flat aesthetics in American letters after September 11 2001 Organized into five parts the book canvases objectual constellations of contemporaneity shaped by material dynamics of language museality and display spatiality zombification and thing rhetoric and post anthropocentric kinship

**Death Rights** Deanna P. Koretsky, 2021-03-01 *Death Rights* presents an antiracist critique of British romanticism by deconstructing one of its organizing tropes the suicidal creative genius Putting texts by Olaudah Equiano Mary Shelley John Keats and others into critical conversation with African American literature black studies and feminist theory Deanna P. Koretsky argues that romanticism is part and parcel of the legal and philosophical discourses underwriting liberal modernity's antiblack foundations Read in this context the trope of romantic suicide serves a distinct political function indexing the limits of liberal subjectivity and re-inscribing the rights and freedoms promised by liberalism as the exclusive province of white men The first book length study of suicide in British romanticism *Death Rights* also points to the enduring legacy of romantic ideals in the academy and contemporary culture more broadly Koretsky challenges scholars working in historically Eurocentric fields to rethink their identification with epistemes rooted in antiblackness And through discussions of recent cultural touchstones such as Kurt Cobain's resurgence in hip hop and Victor LaValle's comic book sequel to *Frankenstein* Koretsky provides all readers with a trenchant analysis of how eighteenth century ideas about suicide continue to routinize antiblackness in the modern world This book is freely available in an open access edition thanks to the National Endowment for the Humanities Fellowships Open Book Program a limited competition designed to make outstanding humanities books available to a wide audience Learn more at the Fellowships Open Book Program website at <https://www.neh.gov/grants/odh/FOBP> and access the book online at the SUNY Open Access Repository at <http://hdl.handle.net/20.500.12648/1712>
