Long-Term Unemployment and Reemployment Policies Laurie J. Bassi, Stephen A. Woodbury, 2000-12-20 Research in Employment Policy Congressional Procedures and the Policy Process Walter J. Oleszek, 2014 As a governing body Congress continually adapts to changes in process and practice This procedural context governs every aspect of the House and Senate and affects lawmakers as they make voting decisions expedite or delay legislation or defeat a bill Walter Oleszek's definitive work Congressional Procedures and the Policy Process examines how the majority and minority parties use procedural devices to achieve their political goals and offers an assessment of the role of conference committees in reconciling bicameral differences Not shying away from the complexity of the topic Oleszek ensures that the machinations of Congress are understandable through an array of interesting examples cases and anecdotes that he is particularly well positioned to witness and experience first hand Updates include an analysis of budget brinksmanship the increased use of filling the tree in the senate and a look at how the oversight approach of Congress triggers legislative executive clashes
