British influence was strong while French West German and Italian influence was also significant in the drafting of the reports and thus in shaping the alliance's perceptions during the Cold War. Cherny, 2017-03-07 Victor Arnautoff reigned as San Francisco's leading mural painter during the New Deal era. Yet that was only part of an astonishing life journey from Tsarist officer to leftist painter. Robert W. Cherny's masterful biography of Arnautoff braids the artist's work with his increasingly leftist politics and the tenor of his times. Delving into sources on Russian migrants and San Francisco's arts communities, Cherny traces Arnautoff's life from refugee art student and assistant to Diego Rivera to prominence in the New Deal's art projects and a faculty position at Stanford University. As Arnautoff's politics moved left, he often incorporated working people and people of color into his treatment of the American past and present. In the 1950s, however, his participation in leftist organizations and a highly critical cartoon of Richard Nixon landed him before the House Un-American Activities Committee and led to calls for his dismissal from Stanford. Arnautoff eventually departed America, a refugee of another kind, now fleeing personal loss and the disintegration of the left labor culture that had nurtured him before resuming his artistic career in the Soviet Union that he had fought in his youth to destroy. **Subject Guide to Books in Print**, 1993
