Looking At Prints A Guide To Technical Terms:

Looking at Prints Paul Goldman, 1981 *Looking at Prints, Drawings and Watercolours; a Guide to Technical Terms* Paul Goldman, 1988 "The Art-Journal and Fine Art Publishing in Victorian England, 1850-1880" Katherine Haskins, 2017-07-05

Focusing on an era that both inherited and irretrievably altered the form and the content of earlier art production *The Art Journal and Fine Art Publishing in Victorian England 1850-1880* argues that fine art practices and the audiences and markets for them were influenced by the media culture of art publishing and journalism in substantial and formative ways perhaps more than at any other time in the history of English art The study centers on forms of Victorian picture making and the art knowledge systems defining them and draws on the histories of art literature journalism and publishing The historical example employed in the book is that of the more than 800 steel plate prints after paintings published in the London based *Art Journal* between 1850 and 1880 The cultural phenomenon of the *Art Journal* print is shown to be a key connector in mid Victorian art appreciation by drawing out specific tropes of likeness This study also examines the important links between paint and print the aesthetic values and domestic aspirations of the Victorian middle class and the inextricable intertwining of fine art and trade publishing
