Taylor Swift for Adults Kev Nickells, 2024-07-30 Taylor Swift for Adults is a tantalizing opening salvo in Swiftology the study of the work of Taylor Swift While Swift's private life has been covered to death her talent as a lyricist has rarely been analyzed Until now Swifties are well aware that she's a lyricist par excellence but this book makes that case to the unbelievers Swift's gift as a songwriter is not merely sentimentality and circumstance and this book takes a deep look at her 10 albums to isolate what makes her a beloved lyricist for millions Any serious study of a lyricist or poet needs to establish what are the tropes the patterns and the style of that artist and this book does precisely that With careful attention to poetic detail the scansion flow and form of her writing this brings out those details that pass by in a flash on the radio bringing them fully into focus Many have made the argument that Swift is a gifted lyricist in online forums and YouTube comments but this is the first time in writing those arguments have been given shape and serious attention It's a book aimed at adults but not puffed bores taking a subject seriously can also mean laughing at swearwords and sex metaphors Rather than puffed and straitened this is a lightly witty book expressing at its core a deep affection for

this generation's favorite songwriter **Safetyline** ,1994 Legal Language and Business Communication Anurag K. Agarwal,2019-04-23 This book discusses the proper use of legal language in business communication While communicating a business leader has to bear in mind the relevant legal framework and be sure to never violate it However legal language in itself can be so complex and difficult that it is often unclear as to what meaning can be ascribed to different words and phrases used in a particular context Also while it's easy to say that there are certain limits to the law those limits are not readily visible to the uninitiated occasionally even experts flounder Exploring precisely these topics the book will be of interest to students of business law and business communication managers lawyers researchers practitioners and general readers alike Body Language from Head to Toe Per-Olof Hasselgren,2015-08-20 Written by a physician Body Language from Head to Toe is a dictionary of American idioms and other expressions that contain the name of a body part The use of body part related expressions is both interesting and fun This book contains about 2 000 such idioms words and expressions such as with the back against the wall brainstorming sweet tooth and tongue in cheek Says author Per Olof Hasselgren As a surgeon I understand the importance of anatomy and the knowledge of organs and tissues This book reflects my longstanding interest in idioms and other expressions referring to body parts and it connects anatomy with the spoken and written language This book was written for three main reasons First anatomy matters particularly in surgery During the last several years collecting such expressions became a hobby for the author Second as someone moving to this country from another part of the world Dr Hasselgren is interested in the peculiarities of the American language Idioms slang and other expressions are specific for any given language and quite often cannot be directly translated Third when one starts to be aware of them written and spoken body language can become quite entertaining Seven Things God Hates Dr. Clarence Talley Sr.,2018-05-30 In Seven Things God Hates you will discover that God is not only a God who loves but also a God who hates Just as divine love permeates the pages of scripture so does divine hatred for evil and evildoers who act contrary to the will of God The Bible emphatically states that God is love 1 John 4:8 However he is also a God who has a holy abhorrence for both sin and specific sinners whose sins are an abomination in His sight The whole thrust of the Old and New Testament hinges on the love of God for man and His disdain for sin The epitome of God's love for man is seen in the person of Jesus Christ the gift of God to mankind God's hatred for evil and wickedness is also evident It is an often ignored characteristic of the Lord but a divine characteristic nonetheless This study examines seven particular things God hates that are expressed in Proverbs 6:16-19 and further expounded on throughout scripture Get inspired by Dr Talley's teachings on the seven things God hates His teachings will give you a better understanding of the mind of God and enlighten your perspective about the love of God and His disgust for sin **No Nonsense: Attract New Customers** Jerry R. Fosse,2022-08-01 A Game with the Mind to See What You Can Find reveals what is truly in the mind and heart of the reader Through the exercises and examples carefully sequenced for progressive learning one will experience both the why and how of the personal poetic experience The instructive flow of A Game with the Mind leads the reader through the process of learning about one s innermost self One will find the advantage of dealing with one s own adversities emotions or even successes in a way that will lead to solutions understandings and even revelations about oneself The greatest difficulty about understanding the value of poetry lies in its most valued use It is not to beautify speech as much as it is to learn of one s innermost thoughts pertaining to any situation that is emotionally spiritually or physically felt The beauty of poetry comes through the illuminating voice of the inner self This book leads one to this objective The how of poetry seems to be the most elusive for the beginner How or where does one begin and how does one continue This book teaches a simple methodology for the beginner It points the way to extract feelings from your mind and heart that you are unaware of It creates an aha for the soul in seeing solutions to problems or finding peace through new understanding In essence this book is either a self help book or an English teacher s textbook for poetry The book progressively works through assignments from the simple basic poetry on toward most styles of poetry of the last two to three hundred years It shows how these can be used today to express our varied feelings and emotions **Proverbs (Baker Commentary on the Old Testament Wisdom and Psalms)** Tremper III
