Louis Moreau Gottschalk 1829-1869 A Bibliographical Study And Catalogue Of works:

Bibliographical Handbook of American Music Donald William Krummel, 1987 **The Companion to The Mechanical Muse: The Piano, Pianism and Piano Music, c.1760-1850** Derek Carew, 2016-03-23 Intended as a supplement to *The Mechanical Muse: The Piano, Pianism and Piano Music c. 1760-1850* this Companion provides additional information which largely for reasons of space but also of continuity it was not possible or desirable to include in that volume. The book is laid out alphabetically and full biographical entries are provided for all musical figures mentioned including composers, performers, theoreticians and teachers as well as piano makers and publishers of music within the period covered by *The Mechanical Muse*. There are also entries on figures of importance from outside the period but whose influence is palpably important within it such as J S Bach. As well as biographical information all these entries contain lists of principal works and a section on further reading so that readers can follow up people and matters of particular interest. Also included in *The Companion* are entries devoted to particular works and other information of relevance such as descriptions of musical forms, characteristics of dances and so on as well as some technical information on music and explanations of technical terms pertaining to keyboard instruments themselves and to ways of playing them. This Companion is not intended to replace existing reference books such as *Grove* or *Musik in Geschichte und Gegenwart* but will be useful for those who desire to know more about a particular topic and do not necessarily have access to more specialist reference works or time to visit large or specialist libraries. As such it is indispensable to users of *The Mechanical Muse*. **Louis Moreau Gottschalk, 1829-1869** John Godfrey Doyle, 1982 **Routledge Library Editions: Art and Culture in the Nineteenth Century** Various, 2021-03-29 This set of 11 volumes originally published between 1946 and 2001 amalgamates a wide breadth of research on Art and Culture in the Nineteenth Century including studies on photography, theatre, opera and music. This collection of books from some of the leading scholars in the field provides a comprehensive overview of the subject how it has evolved over time and will be of particular interest to students of art and cultural history. **Guide to the Pianist's Repertoire, third edition** Maurice Hinson, 2001-05-22 The Hinson has been indispensable for performers, teachers and students. Now updated and expanded it's better than ever with 120 more composers expertly guiding pianists to solo literature and answering the vital questions: What's available? How difficult is it? What are its special features? How does one reach the publisher? The new Hinson includes solo compositions of nearly 2,000 composers with biographical sketches of major composers. Every entry offers description, publisher, number of pages, performance time, style and characteristics and level of difficulty. Extensively revised, this new edition is destined to become a trusted guide for years to come. [Guide to the Pianist's Repertoire](#) Maurice Hinson, Wesley Roberts, 2024-06-06 *Guide to the Pianist's Repertoire* continues to be the go-to source for piano performers, teachers and students.
