within which cultures meet and even merge Owens offers new insights into the works of Indian writers ranging from John Rollin Ridge Mourning Dove and D Arcy McNickle to N Scott Momaday Leslie Silko James Welch and Gerald Vizenor In his analysis of Indians in film he scrutinizes distortions of Indians as victims or vanishing Americans in a series of John Wayne movies and in the politically correct but false gestures of the more recent *Dances With Wolves* As Owens moves through his personal landscape in Oklahoma Mississippi California and New Mexico he questions how human beings collectively can alter their disastrous relationship with the natural world before they destroy it He challenges all of us to articulate through literature and other means messages of personal and environmental as well as cultural survival and to explore and share these messages by writing and reading across cultural boundaries American Indian Culture Bruce E.

That is instead of celebrating fragmentation ephemerality and chaos these authors insist upon a cultural center that is intact and recoverable upon immutable values and ecological truths Other Destinies provides a new critical approach to novels by American Indians It also offers a comprehensive introduction to the novels helping teachers bring this important fiction to the classroom

Grave Concerns, Trickster Turns Christopher A. LaLonde, 2002 Who am I What am I Where do I belong These grave concerns take a lifetime for most people to answer They become even trickier for American Indians who all too often face literal and figurative burial by those in power Such concerns permeate the works of Louis Owens a mixedblood writer of Choctaw Cherokee Irish descent In this first book length examination of Owens's writings Chris LaLonde focuses on five critically acclaimed novels The Sharpest Sight Bone Game Wolfsong Nightland and Dark River According to LaLonde Owens works his stories like a trickster turning ideas back against themselves and playing with contradictory possibilities The conflicting Native and Western perspectives of time history humor and authority dramatize how such classes can threaten to undermine any sense of home and identity for Indians In the process Owens underscores the sham of the ethnic identities foisted upon American Indians the Noble Savage the Silent Indian the Vanishing Native and the Indian as Tragic Victim

Wolfsong Louis Owens, 1995 In the Cascade Range of northwest Washington Tom Joseph a young Indian who had gone south to attend college returns for his uncle's funeral and finds himself caught up in the old man's fight to save the wilderness from destruction In his first novel Louis Owens exposes the raw edge of the current American land rights controversy and poses questions about authenticity and the common bonds that American Indians of very different or mixed backgrounds are in the process of discovering today
