Louis Xiv And Twenty Million Frenchmen:

Louis XIV and Twenty Million Frenchmen Pierre Goubert, 1972-04-12 Louis XIV is one of history's most notorious rulers. Ruling for three quarters of a century, the King of France had the longest reign in European history, and the effects of his rule would create the conditions that would lead to the French Revolution. Written by an authority on 17th century Europe, Pierre Goubert not only outlines the life of the famous Sun King but the millions of subjects under his rule and the effects his choices had on them. Praise for Louis XIV and Twenty Million Frenchman: It is safe to recommend the work as the best book available on the subject for the educated layman. Kirkus Reviews: This masterful work should serve a generation of student and general readers as the essential introduction to the France of Louis XIV. The American Historical Review: In this field, M. Goubert is a past master, and his subtle portrayal of the great social trends of the age deserves to be widely read. Times Literary Supplement: Louis XIV and Twenty Million Frenchmen Pierre Goubert, 1968 The Making of Modern Europe, 1648-1780 Geoffrey Treasure, 2003-12-16 In 1640, the term Europe was without real political significance. In the following years, the idea of Europe came to mean much more: a period documented in this fascinating book. The Rise of the Great Powers 1648 - 1815 Derek McKay, H.M. Scott, 2014-09-19 The heyday of the European states system was in the century before the First World War. How the system of five great powers in conscious equilibrium came into being is the central theme of this book. *A Short History of Europe, 1600-1815* Lisa Rosner, John Theibault, 2015-03-26 A concise survey that introduces readers to the people, ideas, and conflicts in European history from the Thirty Years War to the Napoleonic Era. The authors draw on gender studies, environmental history, anthropology, and cultural history to frame the essential argument of the work. *The Parlement of Paris After the Fronde, 1653-1673* Albert N. Hamscher, 2010-11-23 This book assesses how and to what extent the governments of Cardinal Mazarin and Louis XIV controlled the Parlement of Paris in the two decades after the civil wars known as the Fronde. The history of this prestigious court of law bears directly on the broader issue of the growth of royal absolutism. Few historians have examined the resurgence of royal authority after the Fronde from the vantage point of traditional institutions, and no other scholarly work deals extensively with the activities of the Parlement during this controversial period. This study reveals the methods, achievements, and limitations of absolutism associated with the Sun King. The book investigates the impact of royal policies on the way the judges acquired and transmitted their posts, the sources of their wealth, the social composition of their court, and their judicial and administrative authority. The Parlement's political activities and its conflicts with the crown over issues of judicial, financial, and religious importance also receive thorough treatment. The author's extensive archival research indicates that many widely held assumptions about the declining importance of the Parlement after the civil war are unwarranted. Although the Parlement's political activities gradually declined, this transformation was neither as complete nor as irreversible as historians have asserted. The Parlement retained some voice in affairs of state, and most of the administrative machinery it could employ to oppose royal policy remained intact. Moreover, the

crown failed to attack the sources of parlementaire wealth and the judges freely enhanced their court s status as a social corporation Economic Development in Early Modern France Jeff Horn,2015-02-26 This book explores how the institution of privilege and liberty shaped early modern economic development in France between 1650 and 1820 We the People Ted Byfield,2011-06 *Special Bibliographic Series* US Army Military History Research Collection,1976 **Military Forces of France** John C. Cornelius,1977
