Louis Massignon 1883 1962 Christian Ecumenist Prophet Of Inter Religious Reconciliation:

Louis Massignon (1883-1962) : Christian Ecumenist Prophet of Inter-religious Reconciliation Giulio Basetti-Sani,1974-01-01 Louis Massignon (1883-1962) Christian Ecumenist Prophet of Inter-religious Reconciliation Allan Harris Cutler,1974 **The Qur'an in Christian-Muslim Dialogue** Corrie Block,2013-10-08 Offering an analysis of Christian Muslim dialogue across four centuries this book highlights those voices of ecumenical tone which have more often used the Qur'an for drawing the two faiths together rather than pushing them apart and amplifies the voice of the Qur'an itself Finding that there is tremendous ecumenical ground between Christianity and Islam in the voices of their own scholars this book ranges from a period of declining ecumenism during the first three centuries of Islam to a period of resurging ecumenism during the most recent century until now Among the ecumenical voices in the Christian Muslim dialogue this book points out that the Qur'an itself is possibly the strongest of those voices These findings are cause for and evidence of hope for the Christian Muslim relationship that although agreement may never be reached dialogue has led at times to very real mutual understanding and appreciation of the religious other Providing a tool for those pursuing understanding and mutual appreciation between the Islamic and Christian faiths this book will be of interest to scholars and students of Islam the Qur'an and the history of Christian Muslim relations **Modern Western Christian Theological Understandings of Muslims Since the Second Vatican Council** Mahmut Aydin,2002 Encounters of the Children of Abraham from Ancient to Modern Times Antti Laato,Pekka Lindqvist,2010-09-14 Christianity Judaism and Islam the Children of Abraham constitute the spiritual foundations of Western civilization They affect the interactions of entire nations and individuals though their history is often understood as one of conflict and controversy The present volume documents past encounters and confrontations though it also shows that the history of the three faiths is not merely one of conflict but also one of co-existence and dialogue The rich shared theological traditions of the Abrahamic religions provide positive encouragement to present day meetings between their followers The book contains 16 contributions by scholars from various fields of religious studies It should appeal to everyone interested in interreligious encounters Saint Francis and the Sultan John V. Tolan,2009-03-26 In September 1219 Francis of Assisi went to Egypt to preach to Sultan al Malik al Kamil John Tolan examines the varying depictions of this brief but highly significant meeting and how they reveal the changing fears and hopes that Muslim-Christian encounters have inspired in European artists and writers in the centuries since *Toward an Islamic Enlightenment* M. Hakan Yavuz,2013-01-31 M Hakan Yavuz offers an insightful and wide ranging study of the Gulen Movement one of the most controversial developments in contemporary Islam Founded in Turkey by the Muslim thinker Fethullah Gulen the Gulen Movement aims to disseminate a moderate interpretation of Islam through faith based education Its activities have fundamentally altered religious and political discourse in Turkey in recent decades and its schools and other institutions have been established throughout Central Asia and the Balkans as well as western Europe and North

America Consequently its goals and modus operandi have come under increasing scrutiny around the world Yavuz introduces readers to the movement its leader its philosophies and its practical applications After recounting Gulen s personal history he analyzes Gulen s theological outlook the structure of the movement its educational premise and promise its financial structure and its contributions particularly to debates in the Turkish public sphere its scientific outlook and its role in interfaith dialogue Towards an Islamic Enlightenment shows the many facets of the movement arguing that it is marked by an identity paradox despite its tremendous contribution to the introduction of a moderate peaceful and modern Islamic outlook so different from the Iranian or Saudi forms of radical and political Islam the Gulen Movement is at once liberal and communitarian provoking both hope and fear in its works and influence **The Sum of All Heresies** Frederick Quinn,2008 Quinn traces the Western image of Islam from its earliest days to recent times It establishes four basic themes around which the image of Islam gravitates throughout history in this portrayal of Islam in literature art music and popular culture

Fratricide in the Holy Land Avner Falk,2005-02-17 This is the first English language book ever to apply psychoanalytic knowledge to the understanding of the most intractable international struggle in our world today the Arab Israeli conflict Two ethnic groups fight over a single territory that both consider to be theirs by historical right essentially a rational matter But close historical examination shows that the two parties to this tragic conflict have missed innumerable opportunities for a rational partition of the territory between them and for a permanent state of peace and prosperity rather than perennial bloodshed and misery Falk suggests that a way to understand and explain such irrational matters is to examine the unconscious aspects of the conflict He examines large group psychology nationalism group narcissism psychogeography the Arab and Israeli minds and suicidal terrorism and he offers psychobiographical studies of Ariel Sharon and Yasser Arafat two key players in this tragic conflict today **Muslims as Actors** Jacques Waardenburg,2012-02-13 This book deals with Islamic studies and with the question how the scholarly study of religion can contribute to the study of Islam The author advocates studying Islamic phenomena as signs and symbols interpreted and applied in diverse ways in existing traditions He stresses the role of Muslims as actors in the ongoing debate about the articulation of Islamic ways of life and construction of Islam as a religion A careful study of this debate should steer clear of political religious and ideological interests Research in this area by Muslims and non Muslim scholars alike should address the question of what Muslims have made of their Islam in specific circumstances Current political contexts have created an unhealthy climate for pursuing an open approach to Islam based on reading observing listening and reflecting Yet precisely nowadays we need to look anew at ways of Muslim thinking and acting that refer to Islam and to avoid certain schemes of interpreting Muslim realities that are no longer adequate for present day Muslim life situations Muslim recourse to Islam can be studied as human constructions of value and meaning and relations between Muslims and others can be seen in terms of human interaction without blame always falling on Islam as such
