Love And Politics A New Commentary On The Song Of Songs:

Love and Politics Luis I. J. Stadelmann,1992 **The Song of Songs** John Davidson,2004 Brings out the spiritual meaning of one of the most intriguing books in the Bible **The Message of the Song of Songs** Tom Gledhill,2023-11-07 In this BST volume Tom Gledhill explores the unique biblical interlude of Song of Songs He incorporates themes raised by the Song such as human nature mortality and social and cultural conditioning while staying focused on the text as an extended love poem both beautiful and mysterious **Berit Olam: The Song of Songs** Dianne Bergant,2023-06-10 Among all of the books of the First Testament the Song of Songs is one of the most intriguing On the one hand its unabashed sensuality has captured the imagination and has endeared it to those who appreciate passionate human love On the other hand more demure readers have frequently been chagrined by their own fascination with its erotic character and have cloaked their interest under the guise of metaphorical reading Both interpretations of the Song of Songs have been endorsed Down through the ages both Jewish and Christian interpreters have delighted in the exquisite imagery of the book s songs but they have also frequently reverted to allegory in their interpretations This commentary views the Song as a collection of love poems and carefully examines features of Hebrew poetry in order to uncover the delicacy of their expression It is unique not only in the attention that it gives to the obvious feminine perspective of the poems but in their ecosensitive character Although it is a tribute to mutual love the principal frame of reference is the amorous disposition of the woman Her words open and close the Song and her voice is dominant throughout The imagery that the lovers use is drawn from nature Whether it is the woman in awe of the strength and splendor of her lover or the man glorifying her physical charms the descriptions all call on elements from the natural world to characterize the feature being described Whatever they experience or know or even desire is somehow rooted in the natural world Chapters are Superscription Mutual Yearning 1 2 2 7 An Opportunity Lost Then Found 2 8 3 5 Ravished By Beauty 3 6 5 1 One of a Kind 5 2 6 3 The Admiration of all over 6 4 8 4 and Love Affirmed 8 5 8 14 *Edwards the Exegete* Douglas A. Sweeney,2017 Scholars have long recognized that Jonathan Edwards loved the Bible But preoccupation with his role in Western public life and letters has resulted in a failure to see the significance of his biblical exegesis Douglas A Sweeney offers the first comprehensive history of Edwards interpretation of the Bible **Song of Songs** Richard S. Hess,2005-04 This verse by verse commentary offers a fresh reading of an intriguing book of the Old Testament **Song of Songs** Tremper Longman,2001-09-24 Relationships are a wonderful mysterious often elusive sometimes painful part of the human experience The most intimate of all human relationships according to the Bible is that between a husband and a wife It is no surprise therefore that there is a book of the Bible the Song of Songs that focuses on this relationship What is surprising is how little attention is given to the Song of Songs by scholars by the church and by readers of the Bible With this volume Tremper Longman III unpacks for modern people what this ancient love poem says about the male female relationship and by analogy about God s love for his people Longman s superb study begins with

a thorough introduction to the Song of Songs and its background Longman discusses the book's title authorship date literary style language structure cultural milieu and theological content He also canvasses the long history of interpretation of the Song of Songs a history too often characterized by repression of the text In the commentary itself Longman structures the Song of Songs according to its twenty three poetic units and explains its message verse by verse The exposition is made clearer by Longman's adoption of an anthropological approach to the text and by his frequent comparisons of the Song of Songs with other ancient Near Eastern literature Learned yet highly accessible innovative yet fully informed by past scholarship this commentary shows the beautiful Song of Songs to be a timeless celebration of human love and sexuality

James, 2017-06-01 Landscapes of the Song of Songs is an interdisciplinary study that develops a theory of landscape to explore the Song's conceptualization of the natural world New readings of the Song's poetry reveal how it imagines human lovers enfolded in complex relationships of fragility and care

Song of Songs Gianni Barbiero, 2011-04-26 This book puts forward an interpretation of the Canticle which is alert to the literal sense of the poem The author thus distances himself both from the allegorical interpretation and from an interpretation that is purely secular According to the author the Song offers a theological vision of human love Barbiero sees the Song as composed in the third century BC in the Hellenistic epoch but also as hugely dependent on the love poetry of the Ancient Near East particularly that of Egypt Above all however the Song was composed in dialogue with the other books of the Old Testament especially in contrast with the negative view of sexuality which they represent The study pays particular attention to the structure of the poem and of the individual cantos for Barbiero the Song is a closely unitary work and is only to be understood as a whole

Gender in Solomon's Song of Songs Alastair Ian Haines,2016-12-14 The thesis shows that the Song of Songs can be read as a circular sequence of sub poems that follow logically from one another if they are understood as contributing to two main points made in a woman s voice The woman urges men to take romantic initiative to be committed exclusively and for life and urges women three times to wait until they are approached by such men If this reading is the best explanation of the text of the Song then the Song is a unified work centered on a woman singing about human romantic love from a woman s perspective

The Artifice of Love Fiona Black,2009-02-19 The lovers expressions of mutual affection and desire in the Song of Songs include intimate and detailed poetic descriptions of the body These are challenging to interpret because the imagery used is cryptic drawing on seemingly incongruous aspects of nature architecture and war Biblical scholarship frequently expresses some discomfort or embarrassment over this language yet largely maintains the view that it should be interpreted positively as a complimentary and loving description of the body If read without this hermeneutic however the imagery appears to construct nonsensical and ridiculous pictures of the human form which raise interesting questions and pose definite challenges for the Song s readers Fiona Black addresses the problematic nature of the Song s body imagery by using the artistic and literary construct of the grotesque body as a heuristic The resulting reading investigates some issues for the Song that are often left to the margins namely the Song s presentation of desire its politics of gender and the affect of the text The book concludes with the identification of some implications of this reading including the creation of a new framework in which to understand the
