BOOK JACKET Christian Friendship in the Fourth Century Carolinne White, 2002-04-18 Friendship was a quality valued highly in ancient Greece and Rome and was also regarded as highly significant in nascent Christianity Carolinne White's aim in this study is to describe and compare the ideas about friendship developed by the Christians whose culture was in many ways dependent upon its pagan background and thus to develop a coherent picture of how the concept of friendship was understood in the fourth century The Christian writers discussed are considered against the background of their personal lives and their relations with one another All of the writers considered had a profound influence on later ages as well as on their own period which means that the survey provided should be of wide interest both to ancient historians and theologians

Friendship and the Moral Life Paul J. Wadell C.P., 1990-11-30 Friendship and the Moral Life is not simply a theoretical argument about how moral theology might be done if it took friendship more seriously Rather the book exhibits how without friendship our lives are morally not worth living The book begins with a consideration of why a new model of the moral life is needed Wadell then examines the ethics of Aristotle who viewed the moral life as based on a specific understanding of the purpose of being human with friendship being an important factor in enabling people to acquire virtues necessary for achieving this purpose Through the thought of Augustine Aelred of Reivaulx and Karl Barth the question is raised whether friendship is at odds with Christian love or whether their relation depends on one s narrative account of friendship Thomas Aquinas understanding of charity as friendship with God is examined to clarify this relationship By locating friendship within the story of God s redemption through Christ Wadell helps us see why friendship properly understood is integral to the Christian life and not at odds with it Such a friendship draws us to love all others who seek God and teaches us not to restrict our concern to a special few in preferential love The book closes by investigating how friendship as a model for the moral life might work in everyday life

Samuel Johnson and the Powers of Friendship A. D. Cousins, Daniel Derrin, Dani Napton, 2023-11-30 This book is the first to assess Johnson's diverse insights into friendship that is to say his profound as well as widely ranging appreciation of it over the course of his long literary career It examines his engagements with ancient philosophies of friendship and with subsequent reformulations of or departures from that diverse inheritance The volume explores and illuminates Johnson's understanding of friendship in the private and public spheres in particular friendship's therapeutic amelioration of personal experience and transformative impact upon civil life Doing so it considers both his portrayals of interaction with his friends and his more overtly fictional representations of friendship across the many genres in which he wrote It presents at once an original re-assessment of Johnson's writings and new interpretations of friendship as an element of civility in mid-eighteenth century British culture

Ecclesial Leadership as Friendship Chloe Lynch, 2019-03-01 When it comes to talking about the activity of directing the church the language of leadership and leaders is increasingly popular Yet what is leadership and how might theological narratives better resource the discourse and practice of leadership in ecclesial contexts In identifying and critiquing managerialism as a dominant narrative of leadership in the Western church this book calls for an alternative approach founded on the concept of friendship Engaging with the wider field of leadership studies the book establishes an understanding of leadership activity and brings it into conversation with an incarnational ecclesiology The result is a prophetic reimagining of ecclesial leadership in terms of a relational kenotic praxis This praxis of mutuality and love is framed here in the rich language of Christian friendship The book also wrestles deeply with the embodiment of such a praxis making explicit the power behaviours typical of friendship leadership and offering constructive guidance for practitioners in the task of implementation within a complex and fractured world This book offers a new vision of the

centrality of friendship to leadership of a healthy church community As such it will be of great use to scholars of practical theology ecclesiology and leadership as well as practitioners in church ministry
