Higher Living Holly Hester, 2022-03-31 I wrote this book after many people telling me throughout years of ministry that I should I have traveled to many places and I have found that people ask me the same question over and over Holly how do I truly live higher I decided to write this book to simply answer that question It is my sincere hope that after you read this book not only will you have the insight to do just that but you will know what it personally means to you to live in your higher life I hope this book helps you find your true calling and purpose directly given by the Lord As we dive into these books into each chapter I ask one thing only be open Be open to more Let me explain There are levels in each of us to live out our desire to live to a higher living The desire should be there to begin When the desire is there access is the way a higher level called the beyond then occurs for us This is where living higher begins Posture will change There is a certain level of insight purpose and access that is achieved when desire grows and posture changes There is a birthing It is not simply living only a mistake of thought so many make So here is the question again How The answer is not how It is desire posture and access to a higher way Let us start with desire The word desire is translated from the Greek word epithumia from epi meaning focused on Another use of this term is inordinate or excessively large It is my prayer that we have an inordinate desire to truly live higher and to focus on what this can mean for us in the same way it meant to me as I have written each chapter It is my strong desire that we focus right now When there is a lack of focus vision becomes very blurry I can recall having a blurred vision when others would ask me what living higher meant I can even recall a time when a picture was taken of me as a child with my eyes closed A relative later found this picture and asked me how I

was able to sleep standing up while the camera caught my image I ask us all that my relative asked me How are we able to keep our eyes closed right now Let us have the strong inordinate desire to focus on the moment This desire to open our eyes will naturally pull the camera lens to us What happened Nothing We opened our eyes After desire comes to posture Picture posture is necessary when capturing a memory Are we willing to change our posture for the cameras in life It s interesting what happens after we open our eyes for the camera changes our position Finally we achieve access to see closer look at change more The camera gives access Access to function in life is far greater than desire or even posture believe it or not Haven t we all glanced at a picture that was taken of us before Perhaps a picture that we take with others involved These three elements are the agents for higher territory a greater way A new ground and a new look from a different angle in each situation Our camera lens must focus **Love, Life & Lyrics** Marcus Coble,2011-02-03 When you think all is lost Love Life and Lyrics will bring you back to found If you can t find the words to say this book will guide your tongue to say I love you You are special or I miss you deeply Love Life and Lyrics was written to keep marriages together single mothers marching forward and lovers seeking other lovers If you are looking to encourage remind someone how important they are or be romantic with your wife it s in this book And if you are looking to be supercharged spiritually through stories of struggle and stories of victory than this book will feed that desire I give you a gift that will keep on giving back Multiple Echo Cornelius Ernst,2007-01-01 Ultimately I cannot accept the framework of experience demanded and presupposed by the orthodox ecclesiastical tradition I think I must face this with consequences I can t foretell I have another tradition to which I am almost equally respectful in some ways more so the tradition of the human heart novels art music tragedy I cannot allow that God can only be adored in spirit and in truth by the individual introverted upon himself and detached from all that might disturb and solicit his heart It must be possible to find and adore God in the complexity of human experience from the Introduction **The Power Of You** Anne Jones,2011-02-03 We live in a world that is changing fast and this can feel very unsettling THE POWER OF YOU is a response to the negativity and fear in the world and shows how you can prevent negative energies from damaging you emotionally and spiritually Healer and bestselling author Anne Jones looks at the sources of these sometimes hidden threats aggressive media tactics corporate arrogance and self interest health scares recession environmental fears corrupt governing and even personal negativity and helps you understand the power they can wield Through uplifting exercises and meditations she shows you how you can withstand these challenges to our personal power disperse the fear and build strength and courage THE POWER OF YOU will help you to protect your integrity stay empowered while facing the negativity of today s world and bring positivity into every area of your life Nuni John Howard Griffin,2010-10-01 After John Howard Griffin s escape from Nazi occupied France he was shipped to the South Pacific where he was stationed as an isolated observer in the Solomon Islands That experience led to his second novel Nuni 1956 As in his first novel The Devil Rides Outside an American professor is confronted by an alien reality In Nuni that reality is a primitive

almost Neolithic society Yet the professor s intellectual accomplishments are useless here his place in both family and civilized society meaningless He learns to cope not so much in terms of survival as in finding a new meaning to his life The Chicago Tribune described Nuni as an extraordinarily interesting account of a white man s life in a savage island village of the Pacific the greater part of the novel is concerned with the growth in the narrator a knowledge of as well as affection for the curiously innocent people The Dallas Times Herald wrote The two greatest novels of the past decade are William Faulkner s *A Fable* and John Howard Griffin s *Nuni*
