In our highly interconnected and globalized world people often pursue their aspirations in multiple places Yet in public and scholarly debates aspirations are often seen as the realm of younger mobile generations since they are assumed to hold the greatest potential for shaping the future This volume flips this perspective on its head by exploring how aspirations are constructed from the vantage point of later life and shows how they are pursued across time space and generations The aspirations of older people are diverse and relate not only to aging itself but also to planning the next generation's future preparing an ideal retirement searching for intimacy and self realization and confronting death and afterlives Aspiring in Later Life brings together rich ethnographic cases from different regions of the world offering original insights into how aspirations shift over the course of life and how they are pursued in contexts of translocal mobility This book is also freely available online as an open access digital edition Download the open access book [here](#) **Love's Tangled Embrace: A Journey Through the Delights and Dangers of Romance** Pasquale De Marco,2025-07-10
