Love Poems For The Very Married:

Love Poems for the Very Married Lois Wyse,1979 More Love Poems for the Very Married Lois Wyse,1971 *On the Way to Here* Phil Small,2017-10-23 This book covers a great deal of ground spiritually philosophically and emotionally The subject matter is often weighty yet it doesn't feel like that at all no small feat when discussing the origins and cycles of life birth and death and everything in between Moving from the particular to the universal to that place where we are all one the author uses moments from his life experience to help us better understand and appreciate our own journey Often in an understated manner he points out that just below the surface of the ordinary lies this other world where the truly meaningful and abiding realities of our lives frequently go unnoticed He gently turns over the stones on our paths looking for the meaning hidden underneath often finding real gems You will meet yourself more than once in these pages *Arabic and Hebrew Love Poems in Al-Andalus* Shari Lowin,2013-11-20 *Arabic and Hebrew Love Poems in al Andalus* investigates a largely overlooked subset of Muslim and Jewish love poetry in medieval Spain hetero and homo erotic love poems written by Muslim and Jewish religious scholars in which the lover and his sensual experience of the beloved are compared to scriptural characters and storylines This book examines the ways in which the scriptural referents fit in with or differ from the traditional Andalusian poetic conventions The study then proceeds to compare the scriptural stories and characters as presented in the poems with their scriptural and exegetical sources This new intertextual analysis reveals that the Jewish and Muslim scholar poets utilized their sacred literature in their poems of desire as more than poetic ornamentation in employing Qur'anic heroes in their secular verses the Muslim poets presented a justification of profane love and sanctification of erotic human passions In the Hebrew lust poems which utilize biblical heroes we can detect subtle subversive and surprisingly placed interpretations of biblical accounts Moving beyond the concern with literary history to challenge the traditional boundaries between secular and religious poetry this book provides a new multidisciplinary approach to existing materials and will be of interest to students scholars and researchers of Islamic and Jewish Studies as well as to those with an interest in Hebrew and Arabic poetry of Islamic Spain **Quiet Times for Couples** H. Brownell,2015-09-21 Listening takes an experiential approach to listening instruction providing extensive applications and cases within the context of a sound theoretical framework The text encourages students to view listening as a process involving six interrelated components which are developed along the parallel dimensions of theory and skill building Within the unifying theoretical framework of the HURIER model students develop an understanding of the listening process and gain powerful listening skills The fifth edition continues to explore the impact of culture technology and globalization and raises timely ethical questions to promote students consideration of the responsibilities associated with listening in today s complex world Self assessment activities and case studies further distinguish this engaging text Students will readily recognize the important role listening plays in helping them achieve their personal and professional goals while they become more engaged and informed citizens

Dancing for Hathor Carolyn Graves-Brown,2010-05-07 The fragmentary evidence allows us only tantalising glimpses of the sophisticated and complex society of the ancient Egyptians but the Greek historian Herodotus believed that the Egyptians had reversed the ordinary practices of mankind in treating their women better than any of the other civilizations of the ancient world Carolyn Graves Brown draws on funerary remains tomb paintings architecture and textual evidence to explore all aspects of women in Egypt from goddesses and queens to women as the vessels of creation Perhaps surprisingly the most common career for women after housewife and mother was the priesthood where women served deities notably Hathor with music and dance Many would come to the temples of Hathor to have their dreams interpreted or to seek divine inspiration This is a wide ranging and revealing account told with authority and verve **The Publishers' Trade List Annual** ,1902
