Love Sexuality And The Sacrament Of Marriage:

Love, Sexuality, and the Sacrament of Marriage John Chrysavgis, 1996 Two essays Love and Sexuality in the Image of Divine Love and The Sacrament of Marriage The Orthodox Service introduce the reader to the Orthodox perspective on this all important issue With extensive excerpts from twenty two Church fathers and modern Orthodox theologians ranging from Basil the Great and Gregory of Nyssa to Alexander Elchaninov and Kallistos Ware **Orthodox Christianity** Carl S. Tyne, 2003 The Orthodox Church is one of the three major branches of Christianity There are over 300 million adherents throughout the world The Orthodox Church is a fellowship of independent churches which split from the Roman Church over the question of papal supremacy in 1054 The Orthodox adherents include people in Greece Georgia Russia and Serbia There are an estimated one million members in the United States This Advanced book explains the basic principles of Orthodox Christianity and describes in detail the holidays observed by the Orthodox Church In addition relevant book literature is presented in bibliographic form with easy access provided by title subject and author indexes **Orthodox Tradition and Human Sexuality** Thomas Arentzen, Ashley M. Purpura, Aristotle Papanikolaou, 2022-11-15 Sex is a difficult issue for contemporary Christians but the past decade has witnessed a newfound openness regarding the topic among Eastern Orthodox Christians Both the theological trajectory and the historical circumstances of the Orthodox Church differ radically from those of other Christian denominations that have already developed robust and creative reflections on sexuality and sexual diversity Within its unique history theology and tradition Orthodox Christianity holds rich resources for engaging challenging questions of sexuality in new and responsive ways What is at stake in questions of sexuality in the Orthodox tradition What sources and theological convictions can uniquely shape Orthodox understandings of sexuality This volume aims to create an agora for discussing sex and not least the sexualities that are often thought of as untraditional in Orthodox contexts Through fifteen distinct chapters written by leading scholars and theologians this book offers a developed treatment of sexuality in the Orthodox Christian world by approaching the subject from scriptural patristic theological historical and sociological perspectives Chapters devoted to practical and pastoral insights as well as reflections on specific cultural contexts engage the human realities of sexual diversity and Christian life From re thinking scripture to developing theologies of sex from eschatological views of eros to re evaluations of the Orthodox responses to science this book offers new thinking on pressing present day issues and initiates conversations about homosexuality and sexual diversity within Orthodox Christianity Church, State, and Family John Witte (Jr.), 2019-04-11 Presents a robust defence of the essential place of stable marital families in modern liberal societies **Christian Family and Contemporary Society**, 2014-11-20 This collection of essays integrates a broad spectrum of geographical denominational and interdisciplinary perspectives and analyses the relationship between family and religion in its various contexts both historical and contemporary Divided into four key parts the contributors address first the biblical and patristic background of the family construct while the second

part reveals denominational and ecumenical perspectives on marriage and the family The third part sketches a sociological profile of the family in some European countries and addresses pastoral and sacramental issues connected with it The final part places the Christian family in the context of contemporary society God as Love Johannes M. Oravec, 2014-04-19 The development and principal characteristics of Russian religious thought in the nineteenth and twentieth centuries The theme of love in the manuals of the nineteenth century Academic theology The birth of lay and ecclesial modern theology The concept of love with the two founders of Russian religious philosophy N F Fedorov and V S Solov'ev The moralist school of theology The mystical wisdom stream of theology To ponder and to pronounce love in exile between philosophy and poetry The theology of love in the perspective of return to the fathers the neopatristic school of the twentieth century *Orthodox Christianity: A Very Short Introduction* A. Edward Siecienski, 2019-06-03 To many in the West Orthodoxy remains shrouded in mystery an exotic and foreign religion that survived in the East following the Great Schism of 1054 that split the Christian world into two camps Catholic and Orthodox However as the second largest Christian denomination Orthodox Christianity is anything but foreign to the nearly 300 million worshippers who practice it For them Orthodoxy is a living breathing reality a way of being Christian ultimately rooted in the person of Jesus and the experience of the early Church Whether they are Greek Russian or American Orthodox Christians are united by a common tradition and faith that binds them together despite differences in culture True the road has not always been smooth Orthodox history is littered with tales of schisms and divisions of persecutions and martyrdom from the Sack of Constantinople capital of the Byzantine Empire and seat of the Ecumenical Patriarch to the experience of the Russian Orthodox Church under the Soviet Union Still today Orthodoxy remains a vibrant part of the religious landscape not only in those lands where it has made its historic home Greece Russia the Middle East and Eastern Europe but also increasingly in the West Orthodox Christianity A Very Short Introduction explores the enduring role of this religion and the history beliefs and practices that have shaped it ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable **A Guide to the Sacraments** John Macquarrie, 2013-01-26 A highly acclaimed account of the sacramental principle and the seven sacraments of the church Maternal Body Frost, Carrie Frederick, 2019 Places Orthodox sources icons hymns and prayers on motherhood into conversation with each other In so doing this work brings an anchored vision of motherhood to the twenty first century especially the embodied experience of motherhood **Sexuality, Gender & Education** Joseph Tham, L.C., 2018-03-15 The debates on gender and sexuality are widespread today Many claim that a cultural war is being waged between conservatives who uphold the time honored values of family and sexuality and liberals who promote an agenda to redefine these traditional roles Since the public is often uninformed about the science and philosophical currents

undergirding the questions of gender and sexuality the Pontifical Athenaeum Regina Apostolorum organized an academic symposium in Rome to shed light on the debate This book gathers the insights of that symposium which integrated the disciplines of medicine neuroscience psychology psychiatry history philosophy moral theology biblical studies law bioethics and pedagogy This work is aimed at Catholics and all those who seek a more profound understanding of one of today s most important topics In the personalist approach of bioethics the natural law tradition distinguishes the person from his or her acts In the case of same sex attractions the Church teaches clearly that the inclination is not in itself sinful and that persons with such attractions are deserving of respect and compassion in accord with their full human dignity Nonetheless same sex acts are not natural or ordered The Church strives to build bridges with the LGBT community by fostering a relationship of compassion sensitivity and mutual respect However real bridges also require honesty and openness to the truths that pertain to human sexuality procreation the family and the education of future generation
