Love And Letters In New England Two Nineteenth Century Courtships:

Love and Letters in New England Elizabeth G. von Klemperer, 2002 *Love and Letters in New England Courtship, Love, and Marriage in Nineteenth-Century English Canada* Peter Ward, 1990-03-01 Courtship love and marriage are seen today as very private affairs and historians have generally concluded that after the late eighteenth century young people began to enjoy great autonomy in courtship and decisions about marriage Peter Ward disagrees with this conclusion and argues that freedom in nineteenth century English Canada was constrained by an intricate social institutional and familial framework which greatly influenced the behaviour of young couples both before and after marriage *Love and power in the nineteenth century* Virginia Jeans Laas, 1998 This fascinating biography of a Gilded Age marriage closely examines the dynamic flow of power control and love between Washington blue blood Violet Blair and New Orleans attorney Albert Janin Based on their voluminous correspondence as well as Violet's extensive diaries it offers a thoroughly intimate portrait of a fifty four year union which in many ways conformed to societal norms yet always redefined itself in order to fit the needs and willfulness of both husband and wife With abundant documentary evidence to draw on Laas ties this compelling story to broader themes of courtship behavior domesticity gender roles extended family bonds elitism and societal stereotyping Deeply researched and beautifully written *Love and Power in the Nineteenth Century* has the dual virtue of making an important historical contribution while also appealing to a broad popular audience *Heterosexual Histories* Rebecca L. Davis, Michele Mitchell, 2021-02-09 The history of heterosexuality in North America across four centuries Heterosexuality is usually regarded as something inherently natural but what is heterosexuality and how has it taken shape across the centuries By challenging ahistorical approaches to the heterosexual subject *Heterosexual Histories* constructs a new framework for the history of heterosexuality examining unexplored assumptions and insisting that not only sex but race class gender age and geography matter to its past Each of the fourteen essays in this volume examines the history of heterosexuality from a different angle seeking to study this topic in a way that recognizes plurality divergence and inequity Editors Rebecca L Davis and Michele Mitchell have formed a collection that spans four centuries addressing the many different racial groups geographies and subcultures of heterosexuality in North America The essays range across disciplines with experts from various fields examining heterosexuality from unique perspectives a historian shows how defining heterosexuality sex and desire were integral to the formation of British America and the process of colonization a legal scholar examines the connections between race sexual citizenship and nonmarital motherhood a gender studies expert analyzes the Clinton Lewinsky scandal and explores the intersections of heterosexuality with shame and second wave feminism Together these essays explain how differently earlier Americans understood the varieties of gender and different sex sexuality how heterosexuality emerged as a dominant way of describing gender and how openly many people acknowledged and addressed heterosexuality's fragility By contesting presumptions of heterosexuality's stability or consistency *Heterosexual Histories*

opens the historical record to interrogations of the raced classed and gendered varieties of heterosexuality and considers the implications of heterosexuality's multiplicities and changes. Providing both a sweeping historical survey and concentrated case studies, *Heterosexual Histories* is a crucial addition to the field of sexuality studies.

Searching the Heart Karen Lystra, 1992-06-25 In January 1862 Charles Godwin courted Harriet Russell ultimately unsuccessfully with the following lines: "Like cadences of inexpressibly sweet music your kind words came to me causing every nerve to vibrate as though electrified by some far off strain of heavenly harmony. Almost ten years later Albert Janin upon receiving a letter from his beloved Violet Blair responded with "I kissed your letter over and over again regardless of the small pox epidemic at New York and gave myself up to a carnival of bliss before breaking the envelope. And in October 1883 Dorothea Lummis wrote candidly to her husband Charles "I like you to want me dear and if I were only with you I would embrace more than the back of your neck be sure. In Karen Lystra's richly provocative book *Searching the Heart* we hear the voices of Charles, Albert, Dorothea and nearly one hundred other nineteenth century Americans emerge from their surprisingly open, intimate and emotional love letters. While historians of nineteenth century America have explored a host of private topics including courtship, marriage, birth control, sexuality and sex roles, they have consistently neglected the study of romantic love. Lystra fills this gap by describing in vivid detail what it meant to fall in love in Victorian America. Based on a vast array of love letters, the book reveals the existence of a real openness, even playfulness between male and female lovers which challenges and expands more traditional views of middle class private life in Victorian America. Lystra refutes the common belief that Victorian men and women held passionlessness as an ideal in their romantic relationships. Enabling us to enter the hidden world of Victorian lovers, the letters they left behind offer genuine proof of the intensity of their most private interactions, feelings, behaviors and judgments. Lystra discusses how Victorians anthropomorphized love letters, treating them as actual visits from their lovers, insisting on reading them in seclusion, sometimes kissing them as Albert does with Violet's and even taking them to bed. She also explores how courtship rituals which included the setting and passing of tests of love succeeded in building unique emotional bonds between lovers and how middle class views of romantic love which encouraged sharing knowledge and intimacy gave women more power in the home. Through the medium of love letters, *Searching the Heart* allows us to enter unnoticed the Victorian bedroom and parlor. We will leave with a different view of middle class Victorian America.

World of Trouble Richard Godbeer, 2019-11-26 An intimate account of the American Revolution as seen through the eyes of a Quaker pacifist couple living in Philadelphia. Historian Richard Godbeer presents a richly layered and intimate account of the American Revolution as experienced by a Philadelphia Quaker couple, Elizabeth Drinker and the merchant Henry Drinker, who barely survived the unique perils that Quakers faced during that conflict. Spanning a half century before, during and after the war, this gripping narrative illuminates the Revolution's darker side as patriots vilified, threatened and in some cases killed pacifist Quakers as alleged enemies of the revolutionary cause. Amid chaos and danger the Drinkers tried as best they could

to keep their family and faith intact Through one couple s story Godbeer opens a window on a uniquely turbulent period of American history uncovers the domestic social and religious lives of Quakers in the late eighteenth century and situates their experience in the context of transatlantic culture and trade A master storyteller takes his readers on a moving journey they will never forget
